

Hello HSA Rec Soccer Parents and Players,

We sincerely hope each and every one of you and your children are staying safe and healthy. Our collective health (both physically and mentally) is paramount, so please continue to take the proper precautions so we can all get back on the pitch when it is deemed safe to do so.

Our Spring Rec session was scheduled to begin on Saturday, May 2nd and at this point we are following the recommendations from the Wisconsin Youth Soccer Association (who continues to monitor guidance from the Centers for Disease Control (CDC), US Youth Soccer and US Soccer) that given the extremely fluid and rapid changing environment to pause for a couple of weeks before making any major decisions regarding the Spring session.

Quoting a letter from Melissa Zielinski, Executive Director of Wisconsin Youth Soccer Association, "Ultimately, it is our goal to have an offering of spring soccer, in some capacity for players and their families to enjoy. We know that the timing and execution of this will not be traditional, but it is an opportunity for us to fulfill our mission to serve, inspire and lead the growth of soccer"

We echo these words and sentiment and are committed to offering a HSA Spring or Summer Rec soccer session for our families when and if it is possible and safe to do so.

We are committed to the health and safety of you and your children and will provide an update regarding the Spring Session on Monday April 20th and weekly thereafter.

If you have any questions, concerns or comments please do not hesitate to reach out to [James Dutton \(Director - Hudson Soccer Association Recreational Soccer\)](#) or [Matt Schewe \(Associate Director - Hudson Soccer Association Recreational Soccer\)](#).

Warmest Regards,

James & Matt
