Schedule and information

How were you selected? The Breakdown has a panel that consists of members all across Minnesota. At the conclusion of the season, our staff submits its picks of players worthy to be considered among the best in the state and from that list, a group of finalists is selected for this honor.

How does it work? In order to accommodate a large group of top players (and to avoid unnecessary wait times), we have spread our photo shoots out over a several-hour period. Please feel free to come at any point during the shoot, but be advised that the first hour is usually the busiest.

- Please bring your full uniform, including shoes and socks
- professional studio photographers are present
- individual, group and combination photos will be taken
- individual information, including a biography and Q and A form, will be used in the Breakdown book
- once you arrive, the photo shoot should be completed within 30 minutes

Can't make it to any of the dates? You can still be in the book and receive the same special deal! Just fill out the registration form while selecting "Cannot attend any date," complete the Q and A and profile form and email a photo.

Q Give me a short scouting report on yourself as a player. What are your strengths? I always have a positive attitude on the court (even though I had a broken foot that kept me out most of the season). I am a competitive player and always give 100%. I am very coachable and versatile. I have a very strong line shot as well as cross court. I am really good at anticipating the opponents next move and I am good at blocking. I need to be a bit better at the net to block. Can you tell us about other things you are good at? I am good at other things like other sports.

Q Give me a short scouting report on yourself as a player. What are your strengths? I'm a six rotation outside hitter. Many would consider me a physical player along the net with the ability to terminate from either pin with multiple shots. Defensively, I am a strong first contact passer and put up a huge block. I'm hard working, have high expectations, demand a lot from myself and lead by example.

Q Can you tell us one unusual thing about yourself that others may not know? There are a few things about me that most people don't know I love to paint. Also, I really am interested in sign language, it's something I hope to learn more about in college.

Q What is the best part of playing high school volleyball and why? The best part about the high school season is representing our school and playing with my high school friends. Playing high school volleyball has also given me the opportunity to play in multiple positions and develop other parts of my game. This past year I had the opportunity to do some sitting while in the back row. Playing on the high school team has made me a more well-rounded player and also taught me other skills that have made me a better teammate and person.
