

# SAFE REOPENING PLAN

Business Name: East County ASA

Facility Address: Montgomery Middle & Magnolia School Softball Fields

*This plan does not need to be submitted at this time. This plan is to be used to prepare when businesses open per the Governor’s Order. The County will not require approval for this plan. Please check back for further information on 5/8/2020. Businesses must implement all mandatory measures listed in A and B below. Businesses shall select applicable measures listed in C and D below and be prepared to explain why any measure that is not implemented is inapplicable to the business. Businesses shall also provide specific details regarding their Safe Reopening Plan pertaining to their business in section E below.*

### A. Signage (Mandatory):

- Signage at each public entrance of the facility to inform all employees and customers that they should: avoid entering the facility if they have a cough or fever; wear facial coverings, maintain a minimum six-foot distance from one another; and not shake hands or engage in any unnecessary physical contact.
- Signage posting a copy of the Safe Reopening Plan at each public entrance to the facility.

### B. Measures To Protect Employee Health (Mandatory):

- Teleworking opportunities have been maximized.
- All employees have been told not to come to work if sick.
- All employees must have temperature taken upon reporting to work; if 100 degrees or more, should not be allowed in workplace. If a thermometer is not available, employees must be screened for symptoms (cough, shortness of breath or trouble breathing, fever, chills, muscle pain, sore throat, new loss of taste or smell)
- All employees must wear facial coverings in the workplace, if within six feet of others.
- All desks or individual work stations are separated by at least six feet.
- Break rooms, bathrooms, and other common areas are being disinfected frequently, on the following schedule:

Bathrooms are cleaned and sanitized every 1.5 hours. In addition to scheduled cleanings they are checked between practices by assistant coaches to ensure they are clean and soap is regularly available.

- Personal Protective Equipment (PPE) has been provided at a level appropriate to employee job duties (describe below)

Volunteers are encouraged to use gloves and wear their own masks. The league provides hand sanitizer.

## SAFE REOPENING PLAN

### B. Measures To Protect Employee Safety (Mandatory) Continued:

- Soap and water are available to all employees at the following location(s):

Soap and water are available in all bathrooms and additional hand sanitizer is available in dugouts.

- Copies of the Protocol have been distributed to all employees.

### C. Measures To Protect Customer Safety (Check all that apply to the facility):

- Limit the number of customers in the store at any one time to **20** which allows for customers and employees to easily maintain at least six-foot distance from one another at all practicable times.

- All patrons/visitors must wear facial coverings.

- Curbside or outdoor service is made available where feasible.

- Optional – Describe other measures:

Fields are limited to essential personnel only and guardians. Team manager, team mom, and three assistant coaches are allowed on the field with a maximum of 14 girls per team. Guardians are strongly encouraged to remain in their cars with a view of the field, but are permitted in to watch as long as they keep 6 feet away from other parents and wear masks.

### D. Measures To Keep People At Least Six Feet Apart (Check all that apply to the facility):

- Placing signs outside the store reminding people to be at least six feet apart, including when in line. Including encouragement for pedestrian traffic to follow one-way migration paths, if appropriate.

- Placing tape or other markings at least six feet apart in customer line areas inside the store and on sidewalks at public entrances with signs directing customers to use the markings to maintain distance.

- All employees have been instructed to maintain at least six feet distance from customers and from each other, except employees may momentarily come closer when necessary to accept payment, deliver goods or services, or as otherwise necessary.

- Appointment system is utilized, when appropriate.

- Optional – Describe other measures:

Due to the nature of softball with its many moving parts coaches have been instructed to use cones to help keep the players 6ft apart and to give instruction 6ft away. Coaches are only permitted to come in contact if it is essential to teaching players a skill or make a correction.

# SAFE REOPENING PLAN

## E. Additional Measures Specific to Business (Mandatory):

There will be only one team permitted on each field limiting the number of people on the field to 20.

Before and after each practice or use of the field the team manager will sanitize the dugout with a spray consisting of 70% Isopropyl and 30% water.

All equipment will be wiped down after practice.

Players will only be allowed to use their own equipment, which will make the softball the only shared equipment.

Players will be reminded not to touch their face without washing their hand first.

Players will not be allowed to participate if they show or are known to have any symptoms consistent with COVID-19.

Players will not be permitted in the dugouts unless to drink water, attend to an injury, or take a rest. Usage will be limited to 3 players maximum at a time.

Regular breaks for hydration and instruction will be conducted in the outfield along the sideline so players can keep 6ft away

\*Any additional measures not included here should be listed on separate pages, which the business should attach to this document.
