Whitman Crew Learn To Row Swim Test

Each novice athlete **must pass a swim test** prior to the start of the Learn to Row Program.

The swim test requires the athlete to swim 50 meters, tread water for 10 minutes, and put on a life jacket while in the water. The test should take only about 15 minutes, depending on the number of rowers/volunteers.

- Please arrive at the swim test location approximately 10 minutes prior to your scheduled test time to check in.
- Athletes should wear tight-fitting athletic clothing (as for regular crew practice) and bring a towel.

Further information (location, times, dates) available in the sign-up link to schedule a swim test:

(you also will find the Swim Test link in the Learn to Row information on the homepage of www.whitmancrew.org, and during **Registration** (Welcome Page), where you easily can click thru to claim a spot)
