

USA HOCKEY Adult/Youth, Girls/Women's and High School Varsity and/ or Prep School – Tie-Breaking Rules to Determine Standings Position:

If two or more teams have an equal number of points, their position in the standings shall be determined by the following tie-breaking rules listed below.

If at any point during the application of the tie-breaking rules, any or all of the teams can be seeded higher or lower than the other teams, the seeded teams will be placed in their position in the standings and the tie-breaking process will begin at Step 1 for any teams that remain tied.

Note: If all tied teams have not played each other, the tie-breaking process will begin at Step 2.

The tie-breaker rules are as follows:

1. The results of only the head-to-head games played between the tied teams in the following order:
 - a. Most points earned.
 - b. Most total wins (whether in regulation, overtime and shootout).
 - c. Most regulation wins.
 - d. Differential — Subtracting goals against from goals for in these games, the positions being determined in order of the greatest surplus.
 - e. Quotient — Dividing the goals for by the goals against in these games, the positions being determined in order of the greatest quotient. A quotient involving dividing by zero(0) has higher standing than a quotient from dividing by any number other than zero. Where two or more teams have no goals against and the quotient tie breaker is required, the teams shall be ranked high to low in descending order of “goals for.”
 - f. Most periods won — In the games played by each tied team, points will be awarded for each regulation period won (2 points) and for each regulation period tied (1 point). Positions shall be in the order of highest point total.
2. If after applying the formulas of 1 a, b, c, d, e or f the tie still exists, the results of all the games played by the teams tied in the following order.
 - a. Most total wins (whether in regulation, overtime and shootout).
 - b. Most regulations wins.
 - c. Differential — Subtracting goals against from goals for in these games, the positions being determined in order of the greatest surplus.
 - d. Quotient — Dividing the goals for by the goals against in these games, the positions being determined in order of the greatest quotient. A quotient involving dividing by zero (0) has higher standing than a quotient from dividing by any number other than zero. Where two or more teams have no goals against and the quotient tiebreaker is required, the teams shall be ranked high to low in descending order of “goals for.”
 - e. Most periods won — In the games played by each tied team, points will be awarded for each regulation period won (2 points) and for each regulation period tied (1 point). Positions shall be in the order of highest point total.
 - f. Quickest first goal — The team that scored the quickest goal in their preliminary round games shall be ranked highest.
3. If the above procedure does not break the tie, the teams shall use a shootout procedure as previously described.

Note: A team may go into the tie-breaking process having defeated another of the tied teams and still not advance.

Note: If a team forfeits any of its games, and becomes involved in any tie-breaking formula, the team that forfeited will not advance and all games played against the forfeiting team shall be recorded as 1-0 victories for all opposing teams.
