## About Me

I was born and raised in Flagstaff. I attended Kinsey Elementary, Flagstaff Middle School, Flagstaff High School, and graduated from Northern Arizona University with a degree in Computer Information Systems. As I graduated NAU, I worked for W. L. Gore & Associates until 2009. I then went into Insurance and have been working at McCullough Insurance since 2009 which is now NFP Insurance. In 2017, I joined my mom who has over 20+ years selling Real Estate. My Beautiful wife's name is Molly, and we have two boys, Callen (15) & Cole (12). I grew up playing soccer, football, and ski racing. After I aged out of racing, I transitioned into coaching and was the Head Coach for 7 years. My coaching philosophies are to emphasize sportsmanship, cooperation, self-discipline, self-confidence, individual responsibility, and respect for others, while providing a great ice hockey experience.

- **Special Olympic Area Leadership Council Member**

As a member of the ALC, I organize, manage, and execute the planning and conducting of fundraising activity for the Mountain Area. This enables us to provide more than 300 athletes in Coconino County with appropriate training, equipment, and uniforms for their competitions.

I am also a unified partner training and competing with athletes in unified sports like Track, Volleyball, Swimming, and Softball. I was selected as an assistant coach for the 2022 USA Games in Florida.

- **Lions Club**

As a member of the Lions Club, we provide assistance for the purchase of eyeglasses, hearing aids, health-related services, scholarships, and educational needs for all youth in Flagstaff.

## Why Choose Me?

I have learned a lot being a board member for the past 6 years. I strongly believe in the philosophy of being involved and getting stuff done. I am running for a fourth term because I make a difference in FYHA, I want to keep providing opportunities for young athletes, and I love being involved in my children's hockey experience.
