

It's been a long wait, but Pacer Baseball is back! The 2021 campaign begins today, Monday, as players who have been chomping at the bit to get back will step foot on the diamond to hone their God given abilities to use in faithful service to Him!

Our coaching staff is tremendously excited by the opportunity to once again serve in this ministry of mentoring young men in the character habits of Fortitude, Attitude, Integrity, Trust, and Humility while developing the chemistry of a team and working toward a common goal of using their gifts and abilities to bring honor and glory to their Savior! We thank you in advance for allowing us the privilege of doing this!

There is much to become familiar with for both the young men who will participate in the program along with the families who will support them throughout the season. As much of what can be communicated as we get started is included in this week's Around the Horn communication. You will find embedded links to a number of different resources, whether it be schedules, equipment checklists, or social media platforms. Please take some time to familiarize yourself with the variety of resources included.

The Around the Horn communication will come out once a week on Sundays. Every effort will be made to communicate as comprehensively as possible. If there is something that is not included that you have questions about, feel free to direct them to me and I will work to find the answer. Also note that weather can greatly affect the day-to-day planning of practices and games. Spring sports athletes, families, and coaches are asked to remain flexible as changes can come quickly during the season. Adjust and adapt are important traits of temperament to practice.

On behalf of our coaching staff, I again want to humbly thank you for the opportunity to serve as coaches for the Pacer Baseball Program! God's richest blessings on our season together! Go PACERS!!!
