

Horse Craft

Materials Needed:

- White Cardstock with Horse Template
- Safety Scissor
- Hole Punch
- Crayons/Markers
- 9 Pieces of Dark Brown Yarn (each piece 12 inches)

Instructions:

1. Color the horse with crayons or markers.
2. Using a safety scissors, cut out the horse.
3. Hole punch the nine circles in the horse's mane.
4. Take one piece of yarn and gently tie/loop through each of the circles.
5. Trim yarn, so it is not covering the horse's eyes.

*Optional: Make a bucket list of things that you want to do and make you happy! Write them on the back of your horse after it's been cut out. Wait to attach the yarn in the horse's mane, and tie/attach them one at a time as you complete items on your bucket list!
