

# Fergus Elora District Soccer Club

## U13-U18

### Rep Program

While we are unsure exactly what our Rep Program will look like for 2021, you will find details below that will give you a general idea. Nothing is confirmed at this point.

#### **Number of Players**

18 Players Maximum

#### **Game Format**

11 vs 11

#### **Indoor Training**

There will be an option to play on turf, once a week starting in January until April at an additional cost.

If gyms open up, there would be indoor gym training starting in January once a week that is included in the registration fee.

#### **League Games**

Regular season games and league playoffs and cups. There are scores and standings.

#### **Outdoor Training**

There will be 1-2 practices a week starting in May and ending in August

#### **Tournaments**

Teams will enter 1-3 tournaments per season. 1 tournament fee will be covered.

#### **Program Cost**

\$350

#### **Additional Costs**

Each team will have an additional team fee which will cover any additional tournaments and possible tracksuits, bags, team shade cover, etc.

In the past, team fees have ranged from \$50-\$100 per player.

If gyms remain closed and turf fields are the only available option for indoor training, there would be an additional cost for that. It would probably be around \$100.
