

North Texas Baseball Club (NTXBC) announces new Board of Directors

Since its formation in 2009, NTXBC has been governed by a Board of Directors to assist, lead, and guide members of our organization. As a 501(c)(3) non-profit organization, the role of the Board of Directors is to offer support, guidance, leadership and accountability to the players, parents, coaches, and members. During the past 12 years, NTXBC has seen many changes and growth that has made our club one of the premier baseball organizations in North Texas. The Board of Directors has assisted in the expansion into our new indoor facility, seen growth from 1 team to over 20 and watched over 65 young men achieve their goal of playing college baseball.

The Board of Directors primary focus is to ensure the players, parents, coaches, and operations team conduct themselves in a manner that is consistent with the values in which the club was built. Along with the Director of Baseball Operations, Patrick Woods, the board's core functions will include the creation of policy, that will ensure all members and coaches are held accountable for their actions on and off the field to make certain that NTXBC will continue to be regarded as a top-level organization where players learn how to grow through coaching, leadership, accountability, and mentorship while playing the game of baseball.

It is with extreme excitement that NTXBC welcomes new members of the Board of Directors. The new members have been associated with NTXBC since its inception in one form or fashion and now they all join forces to ensure the future of our club is positive with leadership at all levels. The newly appointed Board of Directors will continue to set policy, enforce the core values of the club, provide oversight and support to the players, parents, coaches, and staff. The primary goal of the Board is to bring back the accountability, and professionalism that we expect and demand from our members.

We welcome all parents, members, coaches and staff to join us for an open house Q&A with the new Board of Directors on Thursday, Sept 23, 2021 at 7:00 pm. More info will be posted and shared on all NTXBC media outlets.

Thank you,
NTXBC Board of Directors
