Welcome to Seashore Soccer League!

Why are we different? At SSL we pride ourselves on our professionalism, the care we show to our players and our families, and the respect afforded to each and every player who enters the SSL Family. We want each player to enjoy their time with the club, be challenged in a positive coaching environment and improve themselves as players and as people as they progress through the SSL player development pathway.

Who we are? Our mission statement at Seashore involves helping young players pursue excellence on and off the field to reach their full potential. We want to see our players playing at the highest possible level of soccer in the world. As the club has grown we have tried to develop certain characteristics in our players and teams that reflect the vision that Seashore has for the future. "The mission of Seashore is to enhance the soccer experience of players and coaches in Eastern North Carolina. We provide our players the opportunity to develop as athletes and as people by fostering an identity of excellence. We strive to produce players who can compete at the highest level of soccer throughout the world."
