Welcome to one of the oldest running 70.3 events. This is the 40th running of this event.

Founded by Philip “Moki” Martin (LT SEAL NAVY/RET) in 1979, this race was designed to train Navy SEALs and other military triathletes for the IRONMAN World Championship in Kona. The race will continue this tradition with the course set for SEAL-style training. Yes, you get a glimpse of what it is to be a “frogman”. You get to experience the challenge of mental toughness in doing each discipline in multiple loops and of course, SAND! As Moki would say, “Life’s not fair”. Just be thankful he isn’t having you become a “sugar cookie”! You might be IRONMAN-tough but are you Navy SEAL-tough?

A portion of our civilian entries goes towards the Navy SEAL Foundation (NSF) through a grant provided by The IRONMAN Foundation (IMF). To date, IMF has donated $174,000 to the NSF. A special check presentation will take place at the expo on Saturday. Come and see what NSF is all about. It will be ever humbling as you will see the transition area and the corridor of the tree-lined finish chute displaying the Fallen Hero banners. Freedom truly is never free and we honor those that gave it all.

We are honored to mention that the commissioning committee for the USS Michael Monsoor (DDG-1001) will be attending our event. The USS Michael Monsoor is the second ship of the Zumwalt class and one of the largest destroyers and most technologically advanced surface combatants in the world. On January 26, 2019, in Coronado, California, the Commissioning Ceremony and events surrounding it will commemorate the legacy of Michael Monsoor and welcome the ship that bears his name into the active fleet of the United States Navy.

It’s the second year of our SoCal Challenge medal! Those of you that have previously participated in the 70.3 Oceanside back in April and finish the 70.3 Superfrog will receive an additional medal to commemorate these accomplishments! We call it our “Twin Palms” medals and both of the medals from each race connect with the SoCal medal.

Our volunteers are ready to put on their “frogmen” faces and care for you and all your needs including when you need that extra boost of encouragement. There will be some good surf and lots of sand to run thru…but we don’t want anyone “ringing the bell” on this course. Be sure to thank them for their hard work and effort and thank the service men and women who will also be throughout the course.

To make your experience the best it can be, read the Athlete Guide prior to traveling to the event. Also, please plan on attending one of the Mandatory Athlete Briefings during Athlete Check-In. These tools are designed to give you all of the information you need for a successful race day. Please understand that the Athlete Guide is subject to change which is all the more reason it is important to attend the briefings.

I’m continually honored to direct this historical event and aim to make it an amazing adventure for you! Oh and the best part, the event falls on Moki’s birthday! It will be a par-tah not to be missed.

MANDATORY BIKE AND GEAR CHECK-IN
Mandatory Bike Check-In is on Saturday, September 15, from 11 AM to 4:30 PM at the Pier Plaza at Imperial Beach. You will not be allowed to bring your bike into transition on race day. You must check your bike in during the designated times. You will have access to your bike beginning at 5 AM on race morning but you will not be allowed to remove your bike from transition until the start of the bike portion of the race.

Helmets and cycling shoes may be brought into transition on race morning. Helmets and shoes may be clipped or attached to the bicycle. While bikes are stored in transition, athletes will be allowed to cover their seats and handlebars only from inclement weather. Full bike covers ARE NOT ALLOWED as it presents a safety hazard to volunteers and other competitors. Full bike covers will be removed from any bikes left in transition once Bike Check-In is over. All bikes must be checked into transition by 4:30 PM on Saturday.

TRANSITION BAGS
We will NOT be distributing Morning Clothes Bags or Bike/Run Gear Bags at this race. Transition will be an open transition in which you may bring your own bag, but it must fit under your bike within your allotted space on the bike rack. Space is narrow and limited in transition, so please pack your transition bag accordingly. We recommend you mark whatever bag you bring into transition with your bib number (you can use the white gear bag stickers you receive in your packet).

PERSONAL SAFETY
While there is no pre-event swim at the actual beach site, we HIGHLY recommend that all athletes test the waters at Imperial Beach Pier (2 Elder Avenue, Imperial Beach, CA) a day or two before. Imperial Beach lifeguards ask that you check in & OUT with them prior to swimming. They can also help point out the current conditions and what to look for. The pier is a 1.4 mile loop if you wish to go all around it.

While we make reasonable efforts to inspect the swim entry and exit points for underwater hazards, the inspection does not take place until just before the swim discipline starts. Participants are further admonished to exercise caution and to be mindful of underwater hazards. Keep in mind that this is a natural body of water and is subject to hidden hazards including, but not limited to: currents, underwater obstructions, tides, rip currents and indigenous marine life.

When training, please bike and run on the shoulder without moving into the traffic lane. Please be courteous and aware that the people sharing the roads with you are people you will count on during race day to fulfill your physical and emotional needs. Please ride single file, as biking side by side is illegal.

As you are one of Imperial Beach’s invited guests, please respect and obey the traffic laws during your training practices. Violators will be cited. You are required to carry proper identification at all times. If you are stopped, you must present your identification to the inquiring officer. Failure to do so may result in race disqualification. Your cooperation is appreciated.

Body marking will begin at 5 AM outside of transition. During the body marking process, athletes are responsible for ensuring the body marking volunteers mark the athlete’s age as of December 31, 2018 which corresponds with the age division in which the athlete will compete in on race day. If you ordered race number tattoos prior to race day (ex: TRITATS); be sure to apply them prior to arrival. You will not be permitted in the transition area on race day without your wristband, swim cap and timing chip. If you have misplaced any of these items, please see the transition director for a replacement. Do not apply sunscreen, oil, Vaseline or lotion until after you have been body marked. RACE DAY INFO

RACE TIMING AND CUT-OFFS
The race will officially end 8 hours and 30 minutes after the last athlete enters the water. Aid station stops, transitions, etc., will be included in your total elapsed time. Splits will be recorded for each segment of the race. The following cut-off times apply for each segment of the race:

If the water temperature on race morning measures between 76.2 degrees Fahrenheit (24.55 degrees Celsius) and 83.8 degrees Fahrenheit (28.8 degrees Celsius), the race will be wetsuit optional and athletes who choose to wear a wetsuit will not be eligible for Age Group awards, including IRONMAN 70.3 World Championship slots or Rolldown slots. If the water temperature is in this range and you choose to wear a wetsuit, you will start after the non-wetsuit swimmers. If there is a wetsuit-optional wave following the last scheduled Age-Group Athlete, wetsuit athletes will have to adhere to the Age-Group course cut-off and course closures (in other words times will not be adjusted based on a later start time).

SWIM CUT-OFF
The swim course will close 1 hour and 10 minutes after the last athlete enters the water. Each athlete will have 1 hour and 10 minutes to complete the 1.2 mile swim. Athletes who take longer than 1 hour and 10 minutes to complete the swim will receive a DNF. IRONMAN officials reserve the right to pull athletes off the course who exceed any established course cut-offs.

There will be an intermediate cut off at the exit of the first swim lap at 7:50 AM.

BIKE CUT-OFF
The bike course will close 5 hours and 30 minutes after the last athlete enters the water. Each athlete or relay team will have 5 hours and 30 minutes to complete the swim, T1 and bike course regardless of when they start the swim. Any athlete or relay team that takes longer than 5 hours and 30 minutes to complete the swim, T1 and bike course will receive a DNF.

There will be an intermediate cut off at approximately Mile 42.5 to start your 4th loop of the bike course at 11:35 AM. Any athlete that does not pass the cut-off point by 11:35 AM will receive a DNF and will not be permitted to continue.

RUN CUT-OFF
The run course will close 8 hours and 30 minutes after the final wave start. Each athlete or relay team will have 8 hours and 30 minutes to complete the entire course. Any athlete or relay team that takes longer than 8 hours and 30 minutes to complete the entire course will receive a DNF.

There is an intermediate cut-off at the start of the 4th loop of the run course approximately mile 9.6 at 3:10 PM. There is also a cut-off at mile 11.47 of the run course at 3:35 PM.

IRONMAN reserves the right to remove an athlete from the course and DNF the athlete if our course staff determines there is no possibility of an athlete finishing the given discipline (swim, bike, run) before the posted cut-off times based on an athlete’s location, time and average speed up to that point.

Based on permits for the roads on the course and the safety of athletes involved, cut-off times must be respected for all IRONMAN 70.3 events.

Any athlete that is seen leaving behind articles intentionally, they will be DQ’ed. Only a table for those with eye glasses & inhalers will be available at Swim Exit. This is a public beach, which is littering. All clothes and other belongings need to be discarded in transition in the trash cans, not around them and not littered on the beach.

TIMING CHIP
Your timing chip will not be in your packet. You must stop at the timing table before leaving the Athlete Check-In area to pick up your chip. At the timing table, you will verify that your name matches your number.

Your chip must be worn on your left ankle at all times during the race. If you do not start the race, you are responsible for returning the chip to an IRONMAN staff member or timing team member. Failure to do so may disqualify you from participating in future IRONMAN events.

It is essential that we know where you are on the course at all times for your safety and our peace of mind. If you are transported to any medical station, the medical staff will take responsibility for chip. If you lose your timing chip during the event, you are responsible for obtaining a replacement at one of the following locations: swim start, swim exit, bike exit or run exit. Volunteers will have extra timing chips at the timing locations above. If you lose your chip while on the run course, please notify a timing official immediately after crossing the finish line.

Failure to wear your timing chip on race day, return your chip after the event, or pay the replacement cost of your lost timing chip may disqualify you from future IRONMAN events.

After the race, if you realize you still have your chip, please mail it within 5 business days to:

Comstock Park, MI 49321

Please use package envelope and do not put any value on it for customs.

WHAT IS A RELAY TEAM?
A relay team is comprised of 2 or 3 athletes who compete as a “group” to finish the triathlon. Typically, one athlete completes the swim, another the bike, and the final person does the run. Each athlete passes his/her timing strap and chip from one to the other as they complete their respective leg of the race. A two-person team can complete the race in any combination of legs. Relay team members can be comprised of mixed of genders and ages. However, all participants must be 18 years of age on race day.

CHECK-IN PROCESS
All relay members must be present and together during Athlete Check-In to pick up their assigned race packets. Relay members cannot pick up race packets for their teammates and will not be able to check-in if a relay team member is missing. (This is for the safety and legal accountability of all athletes during the event).

Relay teams should look for the Relay Check-In table upon arriving at Athlete Check-In. All relay members must have a photo ID and be covered by USA Triathlon. If you are an annual member, please bring your valid (not expired) USAT card. If you are not a USAT member and did not pay for the $15 one-day license online please bring $15 cash (credit cards and checks will NOT be accepted). If you purchased the $15 one-day license, you do not need to bring anything other than your photo ID. If your team is adding or changing a teammate the new member must purchase a one-day license or provide proof of USAT membership. USAT one-day licenses are not transferable.

At Athlete Check-In, athletes will be required to sign their own individual waivers – no waiver, no race. A relay team will be assigned one bib number.

EACH TEAM WILL RECEIVE:
• 1 swim cap,
• bike stickers,
• helmet sticker,
• race bib to be worn on the run
• 2 or 3 athlete wristbands
• bike check-out tickets

Each athlete will receive a participant t-shirt and swag bag. Timing chips will be picked up near the exit at Athlete Check-In. There will only be one timing chip per team. Finisher hats and relay medals are given to the runner upon finishing.

BODY MARKING
Relay athletes will get body marked with the race team number and the letter “R” denoting a relay team. The team’s bib number will be marked on both arms and the “R” will be marked on the left calf.

TIMING AND CHIP TRANSFER RULES
In order to ensure a proper chip timing reading, relay athletes must keep ankle strap and chip on their ankle at all times. Athletes must make the chip transfer from ankle to ankle at the specified relay area (relay pen) near transition. Athletes must not run with the chip in their hands at any time to ensure accurate chip reading.

The timing chip acts as the “baton” and athletes must hand-off the timing strap/chip to move forward to the next discipline. Failure to do so will result as a DNF.

SWIM TO BIKE
The bike can not be removed from the bike rack until chip is properly transferred and attached to the next teammate. The swim leg athlete will exit the swim and head to transition area where they will locate their bike leg athlete in the relay pen and make the chip transfer. The swim athlete must stay within the confines of the relay pen. Only after the chip and ankle strap has been transferred, can the bike leg athlete go to the bike rack to begin the bike portion of the event.

BIKE TO RUN
The timing chip may not be removed until the bike is properly racked in the designated spot.

RUN TO FINISH
Only the run leg relay participant is able to cross the finish line. All other relay team participants will be able to access post-race finish line athlete areas (not including the finish line chute).

If a relay team member drops out of any leg or fails to meet the given time allotment, the relay team will not be able to continue the race and will be disqualified.

PLAN AHEAD
It is imperative that relay athletes properly communicate with their team. Each relay team is accountable for being in the designated place at the right time. Athletes are not expected to wait in the transition pen area for the entire length of the race, but athletes should be aware of anticipated finish times associated with each leg. We strongly encourage relay athletes to follow the event schedule and stay close to the relay exchange area.

*Please keep in mind that access to race venues may be difficult or not possible due to race road closures. It is up to the each athlete to coordinate timing and chip transfer.

FINISH LINE
Volunteers will be instructed to give relay athletes “relay medals.” Relay medals are different than the individual medals and should be communicated pre-race to athletes, volunteers, and staff.

Each relay athlete will be given 2 or 3 medals (depending on the size of the team) once finished. It is the responsibility of the run leg athlete to distribute additional medals to the team.

AWARDS
Relay awards are typically given to the top three overall relay teams. Each relay team will only receive one award. Additional awards for each member of the relay team will be available for purchase, should athletes choose. Scoring is not based on gender or age. The top three teams will each receive one award. Please check the Event Schedule for the time and place of the Award Ceremony.
QUALIFYING FOR THE IRONMAN 70.3 WORLD CHAMPIONSHIP

SLOT ALLOCATION/ROLLDOWN CEREMONY
Athletes may claim their slot only IN PERSON and only at the IRONMAN 70.3 World Championship Slot Allocation/Rolldown Ceremony on Sunday, September immediately following awards. Awards will start at 3:30 PM at the stage in IRONMAN Village near the finish line, so please be present no later than 3:45 PM for slot allocation because you must be present to accept a slot. Please be prepared to pay the €425 entry plus processing fees with CREDIT CARD ONLY; no check or cash.

Thirty (30) Age-Group qualifying slots for the 2019 IRONMAN® 70.3® World Championship (September 7-8 in Nice, France) will be awarded to the top age group finishers.

There will also be 12 military qualifying slots for the 2019 IRONMAN World Championship in Kona, Hawaii. As well as an additional three military qualifying slots for the Service Academy division (top male and female) and the Navy SEAL division (top athlete).

HOW DOES THE AGE GROUP SLOT ALLOCATION WORK?
First, a quick note to clarify what we mean below by an “Age Group.” An Age Group is a particular age group within a particular gender. For example, “Male 25-29” is one Age Group, and “Female 25-29” is a different Age Group.

THE ALLOCATION PROCESS:
- BEFORE RACE DAY:
  o Each Age Group with registered athletes is tentatively allocated one slot (each, an “Initially Allocated Slot”).
  o All other slots available for the race (the “Proportionally Allocated Slots”) are not allocated until race day.

- ON RACE DAY:
  o If there are no starters in an Age Group, then that Age Group’s InitiallyAllocatedSlot is removed and pooled with the Proportionally Allocated Slots.
  o The Proportionally Allocated Slots are then allocated among all Age Groups (i.e., those having at least one starter) proportionally based on the number of starters in each Age Group. This allocation is done across both the male and female categories.

- AFTER THE RACE:
  o Before Roll-Down:
    If there are no finishers in an Age Group that had one or more starters, then the InitiallyAllocatedSlot for that Age Group is reallocated, within the same gender, to the Age Group with the highest ratio of starters to slots.
  o During Roll-Down:
    If any slot allocated to an Age Group is unclaimed (after Roll-Down for that Age Group is completed), then that unclaimed slot is reallocated, within the same gender, to the Age Group with the highest ratio of starters to slots.

ANTI-DOPING POLICY
Each Age Group athlete who accepts a qualifying slot for the IRONMAN 70.3 World Championship is subject to IRONMAN’s Anti-Doping Rules and will be required to sign the World Championship Events Anti-Doping & Qualifying Slot Waiver for Age-Group Athletes. The waiver serves to provide additional notification of and consent to IRONMAN’s Anti-Doping Program, which includes IRONMAN’s efforts to combat, deter, and test for doping in accordance with IRONMAN’s Anti-Doping Rules.

Please refer to IRONMAN’s Competition Rules for additional guidance and information.

WITHDRAWAL POLICY
Withdrawal requests must be received in writing via e-mail to WORLDCHAMPIONSHIP70.3@IRONMAN.COM. Without exception, all requests must be received on or before July 24, 2019 to be eligible for a partial refund of €75. No refunds will be issued for requests made after July 24, 2019. Transfers or deferrals are NOT permitted.

IRONMAN 70.3 WORLD CHAMPIONSHIP COIN
Athletes who qualify for the 2019 IRONMAN® 70.3® World Championship will receive an official IRONMAN® 70.3® World Championship Coin. This memento will serve to mark and signify qualifying IRONMAN® athlete’s accomplishments. We applaud these individuals on their hard work and dedication as they celebrate their journey to the premier event of the IRONMAN® 70.3® series!

ROLLING SWIM START

The 1.2 mile swim is a rolling start two loop swim with a 100 meter run in between loops. The course is rectangular shaped, and athletes will keep buoys on their right and lifeguards on their left. There are two red turn buoys and athletes can use lifeguards to spot these as surf can kick up and buoys can be hard to see. After the first loop, athletes will exit the surf onto the beach and run back to swim start for the second loop. Once exiting from the second loop, athletes will head under the pier to get to transition.

ROLLING START SWIM BREAKDOWN:
Please line up according to your expected finish time.

- UNDER 25 MINUTES
- 25 TO 30 MINUTES
- 30 TO 35 MINUTES
- 35 TO 45 MINUTES
- 45 TO 60 MINUTES
- OVER 60 MINUTES

Each athlete will be allotted 1 hour 10 minutes to complete the swim course regardless of when they start the swim. There will be an intermediate cut-off at the exit of the first swim lap at 7:50 AM. Athletes’ official race time will start when they cross the timing mat. All athletes will have the traditional 8 hours and 30 minutes to complete the entire event (subject to intermediate cutoff times throughout the event).

SWIM COURSE RULES

- Athletes must wear cap provided by race.
- No fins, gloves, paddles, or flotation devices (including pull buoys) of any kind are allowed.
- No aqua socks (neoprene booties) unless the water temperature is 65 degrees Fahrenheit or colder.
- When the use of wetsuits is forbidden, clothing covering any part of the arms below the elbows and clothing covering any of the leg below the knee is deemed illegal equipment and is not permitted. Compression sleeves or compression calf guards/socks may NOT be worn during non-wetsuit swims, but may be worn upon completion of the swim.
- Swim goggles and facemasks may be worn. Snorkels are prohibited. Medical exceptions will not be considered.
- No individual paddlers or escorts allowed. The course will be adequately patrolled by boats, canoes and paddleboards.
- Any assistance required during the swim will result in disqualification if forward progress was made. Athletes are permitted to use kayaks and boats as aid, as long as forward progress is not made. Course officials and medical personnel reserve the right to remove athletes from the course if determined medically necessary.
- The swim course will close 1 hour and 10 minutes after the last athlete enters the water. Each athlete will have 1 hour and 10 minutes to complete the 1.2 mile swim. Individual athletes who take longer than 1 hour and 10 minutes to complete the swim will receive a DNF. IRONMAN officials reserve the right to pull athletes off the course who exceed any established course time cut-offs.

WETSUIT RULES

Wetsuits may be worn in water temperatures up to and including 76.1 degrees Fahrenheit (24.5 degrees Celsius). Wetsuits will be prohibited in water temperatures greater than 83.8 degrees Fahrenheit (28.8 degrees Celsius).

Athletes who choose to wear a wetsuit in water temperatures between 76.2 degrees Fahrenheit (24.55 degrees Celsius) and 83.8 degrees Fahrenheit (28.8 degrees Celsius) will not be eligible for Age Group awards, including IRONMAN 70.3 World Championship slots or Rolldown slots. Prohibited Wetsuit: De Soto Water Rover Wetsuits cannot measure more than 5 mm thick.

SWIMWEAR POLICY (non-wetsuit legal swims only)

Swimwear must be 100% textile material, which is defined as materials consisting of natural and/or synthetic, individual and non-consolidated yarns used to constitute a fabric by weaving, knitting and/or braiding. Simply put, this would generally refer to suits made only from nylon or Lycra that do not have any rubberized material such as polyurethane or neoprene. Swimwear must not cover the neck, extend past the elbow, nor extend past the knees. Swimwear may contain a zipper. A race kit may be worn underneath swimwear.

Compression gear may be worn during non-wetsuit swims provided that it is made of 100% textile material (no rubberized material such as polyurethane or neoprene) and that material does not extend past the elbows or knees. Any compression wear that extends past the elbows or knees will not be permitted in non-wetsuit swims (this includes compression sleeves, compression socks, or compression tights).

SWIM TO BIKE TRANSITION

After the swim you will be directed through the timing chutes to the swim to bike transition Changing tents are not available at any IRONMAN 70.3 event. We require you to be fully ready to race before getting on your bike. Public nudity is not permitted.

Personal nutrients are permitted if carried on you or your bike. Sunscreen is available in transition.

Any athlete electing not to race must notify a timing official immediately. Above all, the safety of each swimmer is our prime concern. A full sweep of the course will be made directly behind the last swimmer. Visual aid will be provided by the lifeguards, divers, canoes, kayaks, buoys, and aquatic crafts that line the course.
An open-water swim in a triathlon is substantially different from swimming in a pool. To alleviate stress, it’s important that you arrive on race day healthy, fit and prepared. Here’s a top-10 checklist to help get you ready.

1. **PREPARE FOR RACE CONDITIONS**
   - Race day should not be your first open water swim. Make sure some of your training replicates real race conditions, including water temperature, proximity to other swimmers and wearing a wetsuit if needed.

2. **RACE IN SHORTER EVENTS**
   - Being properly trained is the best way to reduce anxiety. If possible, race in shorter events and clinics to prepare yourself for open water conditions.
   - For extra guidance, talk to a coach or your local triathlon club.

3. **LEARN ABOUT COURSE DETAILS**
   - It’s important to prepare yourself mentally as well as physically prior to race day. Thoroughly review the race website and pre-race communication to familiarize yourself with the course.
   - Keep in mind, every body of water is different, so you’ll need to educate yourself on water current and surf conditions.
   - Study the event timetable to plan for proper arrival and preparation.

4. **ENSURE HEART HEALTH**
   - As an athlete in training, you should take the proper steps to assess your health with your physician.
   - The American Heart Association suggests a 12-step screening process for competitive athletes. This includes a physical exam as well as an assessment of your family history and personal heart health.

5. **PAY ATTENTION TO WARNING SIGNS**
   - If you experience chest pain or discomfort, shortness of breath, light-headedness or blacking out while training, consult your doctor.

6. **DON’T USE NEW GEAR ON RACE DAY**
   - Focus on controlling as much as you can on race day.
   - You should never race in equipment you haven’t trained in this is not the time to test new gear.
   - Make sure your wetsuit fits properly and that your goggles, swim cap and other accessories work properly.
   - Prepare for the unexpected with backups of all your gear.

7. **WARM UP ON RACE DAY**
   - Arrive early enough on race day for a proper warm up prior to the start, preferably in the water.
   - If you aren’t able to warm up in the water, spend between 5 and 10 minutes getting loose.
   - Be sure to do some cardio activity, such as a light jog, to increase circulation and prep your muscles.

8. **CHECK OUT THE COURSE**
   - Get comfortable with the course by checking out water conditions, the swim entry, exit layouts, along with turn buoy locations.
   - Identify basic navigation points so that you know what you are swimming towards.

9. **START EASY – RELAX AND BREATHE**
   - Don’t race at maximum effort from the start.
   - Relax and focus on proper breathing technique as you settle into a sustainable pace.

10. **BE ALERT AND ASK FOR HELP**
    - In a race setting always stop at the first sign of a medical problem.
    - If you or a fellow athlete needs help, just raise your hand to alert a lifeguard or safety boat.
    - Race rules allow for competitors to stop or rest at any time during the swim.
    - Feel free to hold on to a static object like a raft, buoy, or dock.
    - You may also rest by holding on to a kayak, boat or even a paddle board. As long as you don’t use it to move forward, you won’t face disqualification.

Completing in a triathlon event requires training on a bike. To be fully prepared, it's important that you arrive on event day healthy, fit, and equipped with the proper gear. Fitness can be built indoors, but competing with a group requires the ability to ride safely and competently outdoors. Read on for an essential checklist to get you ready for any two-wheeled challenge.

**BEFORE YOU RIDE**

1. **IT STARTS WITH YOUR BIKE**
   - Your seat and handlebars should be adjusted to the appropriate height and reach for you. Work with a fitter to find your optimal bike fit.
   - Ensure all bolts are tightened properly to avoid coming loose during the ride, and that your brakes and gears are working properly.
   - Keep your bike clean and your chain lubed.
   - Use front and rear lights when riding in low light conditions – this may be required by law in your area.
   - Tires should be inflated to the recommended pressure.

2. **LEARN THE BASICS**
   - Practice clipping in and out of your pedals, as well as starting, stopping, and emergency braking.
   - If you’re unfamiliar with shifting gears, practice doing this in a low-traffic area.
   - Practice riding a straight line, and cornering (right, left, U-turns).

3. **SUIT UP**
   - Always wear an approved helmet in training and racing. Helmets should fit properly without moving around on your head while riding, and remain buckled at all times during your ride.
   - Wear clothing that is designed to function in the weather you will encounter on the ride, and that will help maintain your core body temperature when riding in cold or wet conditions, even during a race.
   - Choose clothing that is visible in low-light conditions.

4. **BE PREPARED TO RIDE**
   - Carry the appropriate amount of water and nutrition, along with a way to purchase additional supplies if needed.
   - Know how to use a tire repair kit and appropriate tools, and be sure to carry them with you.

5. **PLAN AHEAD**
   - Select a route that limits the number of interactions with vehicles – if possible factor in time of day and day of the week.
   - Always obey all traffic signals and signs.
   - Where available, ride in dedicated bike lanes and where other bikes are normally present to ensure vehicles are aware of you.
   - Select a ride distance appropriate to your fitness.

6. **INFORM OTHERS**
   - In the event of an incident, someone should know where you are riding.
   - Always carry personal identification with you and emergency contact information.
   - Carry a cell phone for emergencies.

**DURING THE RIDE**

7. **STAY ALERT**
   - Leave the playlists and podcasts for indoor workouts.
   - Don’t use your phone while riding – pull off the road if you need to make a call or send a text.
   - Don’t take photos and selfies while riding.
   - Keep your head up, particularly when riding in a group. Look at the road and the riders around you, not your bike computer.
   - Be able to see and hear what is going on around you. When riding in the aerobars, do not look down at the road, look ahead.
   - When riding in a group, do not get fixated on the rider directly in front of you. Look through so you can anticipate any issues before they happen, and have an exit strategy.
   - Be easy on the brakes when riding in a group. Ride smoothly, do not overlap wheels, and always come up the inside line of a peloton.
   - Pay particular attention when approaching aid stations during a race. Do not ride though aid stations in the aerobars.

8. **OBEY THE LAW**
   - Always stop at stop signs and lights—remember, cyclists have the same responsibilities as vehicles.
   - Know the traffic laws for your area, especially those regarding riding two abreast or single file.
   - Know where the vehicles are around you and anticipate that drivers may not see cyclists.
   - When passing a parked car or another cyclist, make sure there is enough space to avoid contact.

9. **COMMUNICATE**
   - Use verbal and hand signals so others know if you are stopping or turning.
   - Make eye contact with drivers and other cyclists.
   - While riding, let other athletes know you are passing through verbal communication. Watch for hazards in the road including potholes, debris, or water bottles. Point out and verbally communicate these hazards to those riding and racing with you.
   - Visually and verbally communicate with the specific volunteer in the aid station you will be taking aid from, letting them know you are taking aid directly from them.

10. **SAFETY FIRST**
    - Ride as far to the side of the road as safely possible. Some situations do require that you safely position yourself on the road so that traffic is unable to pass. This might be when making a turn or when not safe for vehicles to pass.
    - If riding with other people, make sure you are riding single file or allowing traffic to pass from behind you.
    - When riding in a group, avoid riding in the aerobars unless you are riding in front. Your hands should always be able to get to the brakes quickly.
    - Taking unnecessary risks might gain you a couple of seconds during your ride, but it could risk you losing your life. Always ride smart.
1. POSITION RULES

- Absolutely NO DRAFTING of another bike or any other vehicle is allowed.
- Athletes must keep six bike lengths of clear space between bikes except when passing. Failure to do so will result in a drafting violation.
- A pass occurs when the overtaking athlete’s front wheel passes the leading edge of the athlete being overtaken.
- Overtaking athletes may pass on the left for up to 25 seconds, but must move back to the right side of the road, after passing. Failure to complete a pass within 25 seconds will result in a drafting violation. Athletes may not back out of the draft zone once it is entered (drafting violation).
- Overtaken athletes must immediately fall back six bike lengths before attempting to regain the lead from a front running bike. Immediately re-passing prior to falling back six bike lengths will result in an overtaken violation.
- Overtaken athletes who remain in the draft zone (6 bike lengths of clear space between bikes) for more than 25 seconds, or who do not make constant rear progress out of the drafting zone, will be given a drafting violation.
- Athletes must ride single file on the far right side of the road except when passing another rider, or for reasons of safety. Side-by-side riding is not allowed and will result in a position violation.
- Athletes who impede the forward progress of other athletes will be given a blocking violation.
- Athletes committing rule violations will be notified “on the spot” by an official.
- Do not attempt to discuss the penalty with the official.
- THE OFFICIAL WILL:
  i. Notify you that you have received either a BLUE CARD for drafting and littering or a YELLOW CARD for any other penalty. The official will show you the corresponding colored card.
  ii. Instruct you to report to the next penalty tent (PT) on the course. There will be at least two PTs on the course.
- THE ATHLETE WILL:
  i. Report to the next PT and tell the PT Official whether you were shown a BLUE CARD or a YELLOW CARD. If you fail to report to the next PT, you will be disqualified.
  ii. Have race numbers marked by the PT Official with a “T”.
  iii. Register, via the sign-in sheet.

2. Bicycles must be racked in a manner such that the majority of the bicycle is on the athlete’s side of the bike rack.

3. No tandems, fixed-gear bikes, recumbents, fairings, or any add-on device designed exclusively to reduce resistance are allowed. Any new, unusual, or prototype equipment will be subject to a determination of legality by the event organizer and/or Head Referee.

4. The sole responsibility of knowing and following the prescribed cycling course rests with each athlete. No adjustments in times or results shall be made for athletes who fail to follow the proper course for any reason whatsoever.

5. Athletes must obey all traffic laws while on the cycling course unless otherwise specifically directed by an official, race monitor or designee with actual authority. Failure to do so may result in disqualification.

6. No athlete shall endanger himself or another athlete. Athletes who intentionally present a danger to any athlete or who, in the judgment of the Head Referee, appear to present a danger to any athlete may be disqualified.

7. Helmets, bike shoes, and other cycling gear must be placed in a transition bag. Shoes and shirt must be worn at all times.

8. Cameras, phone cameras, and video cameras are prohibited unless permission is given by IRONMAN. If permission is given by IRONMAN, it is the athlete’s responsibility to notify the Head Referee prior to race start. Athletes seen with a camera, phone camera, or video camera without permission will be disqualified.

9. Athletes must wear a bike helmet number on the front of their helmet.

10. A CPSC-approved helmet is required during the entire bike portion including in and out of transition. Athletes riding without an approved helmet or chinstrap not fastened may be disqualified. Alterations to a hard-shell helmet, which affect its integrity, are not allowed.

11. No individual support allowed. Ample aid and food stations will be provided. Friends, family members, coaches, or supporters of any type may NOT bike, drive, or run alongside athlete, may not pass food or other items to athlete and should be warned to stay completely clear of all athletes to avoid the disqualification of the athlete. It is incumbent upon each athlete to immediately reject any attempt to assist, follow, or escort.

12. Do not litter. Any item that needs to be discarded, including but not limited to water bottles, gel wrappers, energy bar wrappers, broken bike parts, or clothing items, may only be discarded in the trash drop zones at each aid station. Discarding any item outside of the trash drop zones will result in a blue card (5 minute time penalty).

13. Athletes must be individually responsible for repair and maintenance of their own bike. Athletes should be prepared to handle any possible mechanical malfunction. Assistance from official race personnel is permitted.

14. Athletes may walk bike, if necessary, but may not make progress on the bike course unaccompanied by their bicycle.

15. Bike inspection is not mandatory and will not be provided at Bike Check-In, although technicians will be available. Athletes are ultimately responsible for their own bikes. However, race officials may at their own discretion make final judgment as to the soundness of the bike.

16. Headphones, headsets which are inserted in or covering the ears are not allowed during any portion of the event.

17. Helmet mirrors or mirrors attached to the bike or body are prohibited unless needed for a verifiable medical reason. Athletes granted permission to use a mirror will be ineligible for awards or World Championship entry slots. Athletes using a mirror without permission will be disqualified.

18. Athletes may not use communication devices of any type, including but not limited to cell phones, smart watches, Bluetooth enabled or “smart” helmets, and two-way radios, in any distractive manner during the Race. A “distractive manner” includes but is not limited to making and receiving phone calls, sending and receiving text messages, playing music, using social media, taking photographs, and mounting the device to a bike for purposes of using the device like a bike computer. Using a communication device in a distractive manner during the Race will result in disqualification.

19. Athletes racing without a shirt or racing top will be disqualified. Uniforms with a front zip must not be undone below the point of the end of the breastbone (sternum). DSQ if not remedied properly.

USA Triathlon (USAT) has sanctioned the 2018 IRONMAN 70.3 Superfrog. Our rules are published with permission from USAT. Please visit IRONMAN.COM for a complete set of IRONMAN Competition Rules.

Under our sanctioning agreement with USA Triathlon, athletes should be aware of the serious consequences of violating USAT Competitive Rule 3.5 - Unregistered Athletes, which states:

a. Any person who participates in any portion of a sanctioned event without first properly registering and paying any required registration fee shall be suspended or barred from membership in USAT and barred from participation in any sanctioned event for a period of up to one year.

b. Any person who in any way assists another athlete to violate Section 3.5a by providing or selling a race number to that athlete shall be suspended or barred from membership in USA Triathlon and barred from participation in any sanctioned event for a period of up to one year.

Anyone who violates this rule may be banned for life from any IRONMAN event. Violating this rule puts insurance coverage for the event at risk.

ANY VERBAL ABUSE OF MARSHALS, RACE OFFICIALS, IRONMAN 70.3 STAFF OR VOLUNTEERS IS GROUNDS FOR IMMEDIATE DISQUALIFICATION.
RULES APPLYING TO ALL SEGMENTS OF RACE

It is the athlete’s responsibility to know all aspects of the swim, bike and run.

1. Any athlete holding current elite/professional status from their National Triathlon Federation or a current IRONMAN Professional Membership (as verified by elite/pro status of an athlete’s National Triathlon Federation) is prohibited from racing as an AGE GROUP athlete within the same calendar year, in ANY sanctioned triathlon events anywhere in the world, where there is an elite/pro wave, within the same calendar year. Disqualification and potential sanction from IRONMAN events, and forfeiture of any AGE GROUP World Championship qualifying slots may result for any athlete that has not adhered to this policy.

2. Athletes are expected to follow directions and instructions of all course marshals and public authorities.

3. Race officials shall have authority to disqualify any athlete.

4. Medical personnel shall have ULTIMATE and FINAL authority to remove a athlete from the race if the athlete is judged to be physically incapacitated of continuing the race without risk of serious injury or death. Medical transport of any athlete will result in disqualification.

5. Fraud, theft, abusive treatment of volunteers, staff or others and acts of poor sportsmanship are grounds for immediate disqualification and may result in the athlete being suspended from competing in any IRONMAN or IRONMAN 70.3 event in the future, depending on the severity of the rule violation.

6. As a condition of participation in each IRONMAN® and IRONMAN® 70.3® event, all registered athletes are required to acknowledge and abide by IRONMAN’s Anti-Doping Rules. In accordance with the Anti-Doping Rules, all registered athletes are subject to in and out-of-competition testing and are encouraged to learn and understand all applicable rules and obligations prior to registering for events (including, without limitation, the World Anti-Doping Agency’s anti-doping rules governing Prohibited Substances and Therapeutic Use Exemptions). When in doubt, athletes are encouraged to ask questions and to seek advice from qualified medical professionals.

Please refer to IRONMAN’s Competition Rules for additional guidance and information.

7. If an athlete decides to withdraw from the race at any time, it is the responsibility of the athlete to report to the timing tent located at the finish line and turn in their bib number and timing chip immediately. It is essential that race officials know where athletes are on the course at all times. Failure to comply after withdrawing from the race may result in athlete being prevented from competing in any IRONMAN event in the future.

8. IRONMAN 70.3 reserves the right to make rule changes at any time provided all athletes are notified in writing and/or at the pre-race athlete briefings. Notification of any change will be in accordance with IRONMAN Competition Rules.

9. Prize money for any sanctioned event shall be offered equally between men and women in both amount and depth. Additionally, Professional triathletes may not win Age Group awards and Age Group athletes are not eligible for prize money.

10. For additional information regarding training sites, safety procedures and general information questions regarding the race, please go to the Information Tent.

11. Athletes may not use communication devices of any type, including but not limited to cell phones, smart watches, Bluetooth enabled or “smart” helmets, and two-way radios, in any distractive manner during the Race. A “distractive manner” includes but is not limited to making and receiving phone calls, sending and receiving text messages, playing music, using social media, taking photographs, and mounting the device to a bike for purposes of using the device like a bike computer. Using a communication device in a distractive manner during the Race will result in disqualification.

12. Cameras, phone cameras, and video cameras are prohibited unless permission is given by IRONMAN. If permission is given by IRONMAN, it is the athlete’s responsibility to notify the Head Referee prior to race start. Athletes seen with a camera, phone camera, or video camera who were not given permission will be disqualified.

13. IRONMAN does not allow the transfer of an athlete’s registration to another person – no exceptions will be made to this rule. Any attempt to transfer a registration to another person will result in disqualification and suspension from future participation in any IRONMAN or IRONMAN 70.3 event.

14. Assistance provided by event personnel or Race Officials is allowed but is limited to drinks, nutrition, mechanical and medical assistance. Athletes competing in the same race may assist each other with incidental items such as nutrition and drinks after a water station and pumps, tubular tires, inner tubes and puncture repair kits. Athletes may not provide any item of equipment to an athlete competing in the same race which results in the donor athlete being unable to continue their own race. This includes but is not restricted to shoes, complete bicycle, frame, wheels and helmet. An athlete cannot physically assist the forward progress of another athlete on any part of the course. The penalty for this will be disqualification of both athletes.

15. Athletes must cover the prescribed course in its entirety. Failure to do so will result in a disqualification. If an athlete must exit the course, he or she shall re-enter the course at the same point of departure before continuing.

PHYSICALLY CHALLENGED OPEN DIVISION

2018 IRONMAN 70.3 SUPERFROG IS NOT WHEELCHAIR ACCESSIBLE ON THE RUN COURSE.

Participation in the PC Open Division is available to athletes with a medically verified Visual Impairment (as such term is defined below) or a medically verified physical or neurological impairment that substantially limits one or more major life activities. Athletes with other miscellaneous medical conditions such as, but not limited to, intolerance to temperature extremes, organ transplants, joint replacements (endoprosthetics), kidney dialysis, hearing impairments, and/or cognitive impairment are not eligible to participate in the PC Open Division;

1. The term “Visual Impairment” means either: (a) a visual acuity of 20/200 (6/60 meters) or less in the better-seeing eye with best conventional correction (meaning with regular glasses or contact lenses) (b) a visual field (the total area an individual can see without moving the eyes from side to side) of 20 degrees or less (also called tunnel vision) in the better-seeing eye

2. Visually impaired athletes must:
   (a) use only one (1) Guide (Guide can be of either gender).
   (b) be tethered during the swim segment of the race
   (c) ride a tandem bicycle during the bike segment of the race
   (d) during the run segment of the race, use either an elbow lead or a tether lead

FOR MORE INFORMATION REGARDING THE PC OPEN DIVISION, PLEASE VISIT WWW.IRONMAN.COM/PHYSICALLYCHALLENGED OR E-MAIL PHYSICALLYCHALLENGED@IRONMAN.COM.

HANDCYCLE DIVISION

2018 IRONMAN 70.3 SUPERFROG IS NOT HANDCYCLE APPROVED.

Handcycle (HC) is a competitive division open to athletes who are paraplegic, quadriplegic or double above-the-knee amputees, and race using a hand cranked cycle on the bike, and a racing chair for the run. Handcycle athletes must use a recumbent handcycle on the bike course and a racing wheelchair on the run course. Conduct and standards for handlers of HC athletes is governed by the International Triathlon Union Rules.

The HC Division is a competitive division. Race awards with respect to the HC Division will not be based upon age-groups within the HC Division but will be given to the top female and male finishers of the HC Division.

FOR MORE INFORMATION REGARDING HANDCYCLE DIVISION, PLEASE VISIT WWW.IRONMAN.COM/HANDCYCLE OR E-MAIL HANDCYCLE@IRONMAN.COM
IRONMAN will operate under the “three strikes and you’re out” principle with respect to BLUE CARD violations. DRAFTING AND LITTERING are the only two violations that will result in a BLUE CARD violation and an athlete will incur a 5-minute time penalty (to be served in the closest penalty tent, located along the bike course). YELLOW CARD violations (thirty second time penalty) also require an athlete to stop at the closest penalty tent location along the bike course. Any penalties incurred on the run course are to be served at the point of infraction. While YELLOW CARD violations will not count against your three strikes, IRONMAN Competition Rules still allow an athlete to be disqualified for repeated rule violations should an athlete receive excessive yellow card violations.

So that you understand the rules on race day, please take the time to read and understand the rules in the Athlete Guide and the 2018 IRONMAN Competition Rules.

The POSITION violations are summarized:

Always ride on the right side of your lane to avoid an ILLEGAL POSITION or BLOCKING call.

Keep six bike lengths of clear space between your bike’s front wheel and the rear wheel of the cyclist in front of you to avoid a DRAFTING call.

Always pass on the left of the cyclist in front of you; Never on the right to avoid an ILLEGAL PASS call. Complete your pass within 25 seconds to avoid a DRAFTING call.

Passed athletes must be seen making immediate and constant rear progress out of the drafting zone to avoid a DRAFTING call.

Do not use any device that will distract you from paying full attention to your surroundings. Using a device in a distracting manner will result in disqualification.

Triathlon is an individual event, and it is your responsibility to fully understand the rules and avoid penalties. The referee’s ruling is final in the case of POSITION violations, and there are no protests or appeals. Other common violations include:

1. HELMET CHINSTRAP
   Your chinstrap must be securely fastened whenever you are on your bike on race day.

2. RACE NUMBER
   You must wear your bib number during the run portion of the race. In addition, your bike frame sticker must be properly attached to your bike frame and must be visible from both sides.

3. LITTERING
   Do not throw ANYTHING outside of official aid stations. Littering will result in a BLUE CARD violation, which is a five minute time penalty.

4. UNAUTHORIZED EQUIPMENT
   Sorry, absolutely NO communication devices, MP3 players or other audio devices (Yes, that means NO cell phones) may be used during competition.

5. OUTSIDE ASSISTANCE
   Non-racers may NOT ride or run alongside you.

6. TIME PENALTIES
   Remember that even though DRAFTING and LITTERING are the only violations that incur a five minute time penalty, you must go to a penalty tent for any violation to have your number marked. There will be no penalty tents on the run. If you are penalized on the run, the official will mark your number on the spot.

Please treat other athletes, all volunteers, and your referees with courtesy and consideration. Not doing so is UNSPORTSMANLIKE CONDUCT and may result in disqualification. I sincerely hope you have a great race and achieve all your goals.
MEDICAL POLICY

The athlete excess medical coverage protects each athlete for the day of the event at USAT-sanctioned races, camps and clinics. When athletes purchase a USAT annual license or one-day permit, a portion of those fees cover the cost to provide them with excess medical insurance. This coverage only extends to their participation in a USA Triathlon sanctioned event and is only available after the injured party has filed with any primary insurance policies. A deductible does apply for this excess coverage.

If an athlete is injured while participating in a USA Triathlon sanctioned event, please provide the following steps must be followed:

- Athletes must file with their primary healthcare provider (i.e. United Healthcare, Blue Cross Blue Shield, Aetna, traveler’s insurance, etc.).

- Athlete completes a medical claim form.

- For serious incidents or for athletes requesting coverage, the Race Director can provide them with a medical claim form. The medical claim form, along with any explanation of benefit documents, should be sent directly from the athlete to the insurance company as indicated on the claim form.

For a copy of the claim form, please e-mail SANCTION@USATRIATHLON.ORG

- Athletes will pay a deductible. All claimants will pay anywhere from $250 USD (two-hundred and fifty U.S. dollars) to $1,000 USD (one thousand U.S. dollars) out of pocket and possibly more for uncovered expenses.

Be advised that coverage may not apply to each and every claim. Additionally, coverage only extends to Athletes that have purchased a USA Triathlon annual license or one-day permit and were injured through participation in a USA Triathlon sanctioned event. Please e-mail questions to SANCTION@USATRIATHLON.COM

All medical expenses incurred are the sole responsibility of the athlete and not IRONMAN. USAT provides secondary coverage in qualified circumstances. Failure to meet financial responsibility to local medical facilities will result in suspension of future participation at IRONMAN events until accounts are settled.

Particular dangers include dehydration, hyponatremia, sunburn, exhaustion and injuries sustained from accidents. Please ask for medical help if you have the slightest hint you may need it. You will not be penalized for receiving a medical evaluation. You will be withdrawn from the race only if you require transportation, IV fluids or if medical personnel feel your continued participation could result in serious harm or death.

During events of extreme endurance, the body’s pain threshold is raised, and you may be in more trouble than you realize. The medical personnel will do all they can to keep you in the race and assure a safe finish. Also, please be attentive when taking water and sponges from volunteers when you’re on your bike to avoid the possibility of accident or injury to yourself or another.

Please trim your fingernails and toenails prior to the start of the race to avoid injury to other athletes. Be especially careful to rinse your goggles of any excess defogger solutions to avoid eye irritation.

Feedback from previous IRONMAN and IRONMAN 70.3 athletes indicates we can never over emphasize the importance of hydrating prior to and during the event. IRONMAN’s Chief Physician recommends you begin hydrating heavily several days before the race and drink enough water so your urine is clear, colorless and copious by race day.

PLEASE NOTE

Full disclosure of medical condition(s), general health and surgical procedures within the previous 12 months is required. Medical consultation/clearance may be necessary from an attending physician prior to participating in the event.

In all cases, the final decision of medical consideration is at the discretion of the IRONMAN 70.3 Medical Director.

The IRONMAN All World Athlete program is our way of rewarding age-group athletes’ hard work, dedication, and performance across IRONMAN and IRONMAN 70.3 racing.

The program uses the IRONMAN Age Group Ranking system to determine which athletes have finished within the top 10 percent or better in their age group each calendar year. This system allows athletes to generate points based on their finish time behind the first official finisher in their age group. Athletes accumulate points for each race they complete. On December 31st, only the top three performances will count toward an athletes’ All World Athlete status. This makes it easy for athletes to improve their ranking by simply racing more with IRONMAN. If the race is deemed a non-wetsuit legal race, all athletes who choose to race in the wetsuit wave will receive base participation points in accordance with the All World Athlete age group ranking system.

An athlete can achieve All World Athlete status in one or all of the following categories: IRONMAN, IRONMAN 70.3 and OVERALL (IRONMAN and IRONMAN 70.3 combined).

There are three levels associated with the All World Athlete program:
- GOLD (top one percent)
- SILVER (top five percent)
- BRONZE (top ten percent)

For questions regarding the ALL World Athlete Program, please contact: AWA@IRONMAN.COM
