On December 3, 2016, while playing hockey for Dakota High School, Anthony Mastronardi suffered a devastating spinal cord injury that left him paralyzed from the neck down. Through God's grace, his unwavering faith, and intense physical therapy he continues to make progress. Anthony was fitted this December for leg braces, as he continues to make great strides towards his will to walk again. As in years past, all funds raised will go directly toward Anthony's continued therapy (not covered by insurance). We thank you all for your generosity and prayers.
