Consent for Participation

Although participation in supervised athletics and activities may be one of the least hazardous activities students will engage in, by its nature, participation in athletics includes a risk of injury which may range in severity from minor to long term catastrophic issues. Although serious injuries are not common in supervised athletic programs, it is only possible to minimize, not eliminate this risk. Participants can and do have the responsibility to help reduce the chance of injury. Players must obey all safety rules, report all physical problems to their coach(es), follow a proper conditioning program and inspect their equipment daily.

By signing this permission form, you the parent, acknowledge that you have read and understand this warning and agree to not hold Cobb County Schools, Harrison High School, Coaching Staff, and volunteers responsible for any injury that may occur. Parents or students who do not wish to accept the risk should not participate or sign this consent.

I/we hereby give consent for my child to participate in the Harrison Volleyball Camp. I/we further agree to allow/authorize the camp staff to perform basic first aid as needed for my child and if needed, transport my child to a local hospital as needed if I/we are unable to arrive in a timely manner.
