

Valued member,

The safety of our players, staff and spectators at VDA, VSA and PWSI remains our priority. As such, we are providing additional reminders, recommendations and resources as they relate to COVID-19 during these unprecedented times.

It is important that we follow the recommendations and guidelines set by the CDC, local and federal government and World Health Organization.

The current suspension of VDA, VSA and PWSI activities has been put in place to protect you and especially people who may be at a higher risk ([click here](#)). We continue to evaluate the appropriate time to return to the field and will provide an update later in the week.

It is recommended by the **World Health Organization, CDC, and White House** that you maintain **social distancing** which include **pick-up games or social group gatherings**.

As a reminder, all VDA, VSA and PWSI facilities (Grass and turf) are closed! We do not condone the use of any of these facilities and anyone using Prince William County Parks or school facilities is subject to removal by Park Rangers or local police.

Additional Information:

The President's Coronavirus Guidelines for America

- 15 Days to Slow Virus ([click here](#))

Centers for Disease Control and Prevention (CDC)

- How to protect yourself ([click here](#))
- Watch for symptoms and follow protocols of COVID-19 ([click here](#))

World Health Organization

- Advice for the Public / Follow Basic Protective Measures ([click here](#))

We look forward to getting back to life as normal and playing soccer as soon as possible. We believe following these guidelines to ensure we mitigate the spread of COVID-19 is the quickest and safest way to do so.

Sincerely,

Matt Lacey
Executive Director
Virginia Soccer Association

Mike Cullina
Executive Director
Prince William Soccer
