

JUNIOR TRYOUT INFORMATION

As of September 1, USA Volleyball has adopted a new Member Management System. This means, the way that you purchase and/or renew your membership will look different than in the past.

Sports Engine

Your first step is to have a parent/guardian create a household account using parent's information. Then, add each of your children. You may have already created a SE account, as some of our PSR clubs have used this system in the past. Or there are other sports organizations that also use the SE platform. Once you get yourself successfully logged in, you can purchase your child's USAV membership.

USAV Membership

You will need a current membership in PSR to participate in any in-person tryout or commit to a club team. This is purchased through your SportsEngine account. You will likely need one of three Junior Player membership types: Tryout membership (\$15. Expires 12/31), a Regional membership (\$52), or National membership (\$72). The National is for players who will compete in any USAV Qualifier, or outside of the tri-region area: WA, OR, ID, MT. If you purchase the tryout membership, you will be required to upgrade (paying only the difference) before eligibility to be placed on a roster for a tournament. Please visit our website for more detailed information on membership types.

Incumbents (November 1 – 12)

For the 2020-21 season only, Incumbents may sign the PSR Letter of Commitment, prior to tryouts, with the club they played with last year. The intent is to alleviate some of the challenges Covid has created surrounding tryouts. Incumbent offers will likely not be extended to everyone, as a club's programming for the upcoming season changes.

Tryouts (November 14 -)

Clubs may begin hosting tryouts for any age division on November 14, 2020. Based on updated guidelines from Washington State, and the county of each individual club, there may be limitations on gathering size. And there absolutely will be safety protocols for everyone's protection. An in-person tryout is not required for a club to extend an offer to a player. To learn more about the clubs in your area, and sign-up for their tryouts, visit their website directly.

PSR Letter of Commitment

The offer to play for a club must come in writing, in the form of the PSR Letter of Commitment. An athlete may only sign one LOC and cannot attend another tryout once this is complete. Incumbents may sign the LOC beginning November 1; non-incumbents may sign on or after November 14.

Finalize your Club Commitment

After you have decided on your club of choice and signed the Letter of Commitment, you will receive an invitation from your club through SportsEngine. Please accept this to finalize your commitment. Then, if you purchased a Tryout membership, be sure to upgrade to a full USAV junior player membership!

Need Help?

If you are having trouble, there are many great resources on our website, including step-by-step How-To Videos. Reach out to your club director, as they are also familiar with the new system.
