To All Heads of Programs

The Mid am Board has been regularly communicating and keeping up to date with the National Office. In addition to the challenges of the health crisis, it is unfortunate many previously scheduled events have had to be cancelled. Currently, rinks in Mid Am's 5 state area are shut down for the foreseeable future. We expect further direction from the National Office on the process for potential advancing players. As soon as it is received, we will notify you.
