

Dyckman Basketball & HSEI Winter Skills & Drills Training Program 2018-19

Mission Statement: The mission of our Training Program is designed to give Inner City Youth an opportunity to receive hands on assistance in basketball training, academic assistance and life skills. Our program is available to boys and girls from ages of 6 -14 years old.

The goal of the organization is to give youth a hope for a better tomorrow by teaching them to utilize what they learn from their athletic experiences as a model to help their overall academic, social, and career development.

Many of our participants have gained the necessary skills to make their High School, college and professional basketball teams. The kids in our program will be trained by Certified Professional College and High School Coaches.
