

2019-20 Annual Report

Season Project Summary

Our committee objectives were to develop programs that included content for the following programs that would serve as an informational resource targeted for parents of young and entry level players:

The projects for development...

1. This is Mass Hockey video
2. Sport Parent Understanding of True Long-Term Benefits of Sport Participation
3. Hockey, a Late Specialization Sport
4. Opportunities In Hockey

As a committee we had one formal early on in the season, two informal meetings with limited attendance during our MH monthly meetings , and as the chair was actively engaged in several meeting/conversations with the “expert principles “ that would be involved in our projects.

The plan for distribution would utilize the multiple media platforms, i.e., print, MH Web, Social Media, and YOUTUBE.

Unfortunately, our progress was interrupted by the pandemic that has touched pretty much our daily lives ,and every area of our project including the personnel involved. This also impacted my schedule as well.

Since we have much of the groundwork in place we will be able start up soon as the restrictions are Phased out and we get back to some normalcy in the work place.

Yours in safe hockey,

The MH Membership Parent Ed Committee

Committee Members; Dan Esdale Chair, Dr. Alan Ashare, Lou Ballerene, Dave Moses, John Murray, Joe Normant, Greg Sophis, and Chuck Weaver. VP Christine Mayer, Liaison Mike Diorio

Mass Hockey Membership – Parent Education Committee

Committee Members; Dan Esdale Chair, Dr. Alan Ashare, Lou Ballerene, Dave Moses, John Murray, Joe Normant, Greg Sophis, and Chuck Weaver. VP Christine Mayer, Liaison Mike Diorio
