

If you already have a TeamBuildr account, disregard this message. To distribute and track workouts we use an app / website called Teambuildr. In order to do so, we need everyone who is training with us this summer to create an account. You will need a personal device to set up your account. When you are in the weight room working out, you will have a school issued iPad and will not need your own personal device. Below is the information you need to sign up for TeamBuildr.

If you already have a TeamBuildr account, disregard this message. If you are a multi-sport athlete, only create one account.

1. Download the TeamBuildr (without a “e”) Training app. Make sure it is the correct app with the dark icon.
2. Tap the easy join button and use the code below to join the appropriate groups.
 - i. Join Code: 7OUL-BD5W
 - ii. Password: KLAWZKJ9
3. Fill out the remaining profile information.
4. If you want to keep your information private, you can set up a pin number on the website.
5. If you have any questions or problems contact Coach Gio at agiovanetti@notredameacademy.com
