Lease Agreements on Land

Ashley forwarded the email from Dustin Slaamod with the lease agreement

Ashley has been thinking about the \$3,000 credit with all that we end up mowing. Approx 36 acres is what we take care of.

Joe asked why park land is not deeded to the park district

Question specifically about the bike path as it's not a park and takes a significant amount of time to complete - 6 hours with 1 person

Dante thinks deeding the parks to us is best

Joe asked what we should do next - make a recommendation or wait for the land to be parcelled

Dante thinks we need to wait until parceling is done

Sara asked how other community park districts are setup

Motion to table lease agreement until parceling is done 1. J. Fietek 2. S. Freeman
