Additional players playing up may be considered with an exception request to the state ADM director, who will only consider the request if it's due to association needs. i.e. having to merge age divisions in order to have a functional program The ADM Director from the opposite side of the state where the player participates must approve the play up. (pg 110 PNAHA Guidebook).

PNAHA allows each association, at their discretion, to allow up to two (2) 10U players per season to play up at the 12U division. Additional players playing up may be considered with an exception request to the state ADM director, who will only consider the request if it's due to association needs. i.e. having to merge age divisions in order to have a functional program The ADM Director from the opposite side of the state where the player participates must approve the play up.
