2019 Fall Indoor Soccer Development

We are excited to announce our 2019 fall co-ed indoor soccer sessions at the Syl Apps Indoor soccer facility. This is small squad development soccer in order to maximise touches on the ball and game fundamentals, with the goal of building strong future players.

Practice sessions are designed by high-level coaches in order to keep the kids engaged and having fun while building their soccer skills in an interactive fashion.

Register soon, as space is limited!
