FREQUENTLY ASKED QUESTIONS?

CHARACTER – COMMUNITY – CULTURE

L.K.F. FREQUENTLY ASKED QUESTIONS I

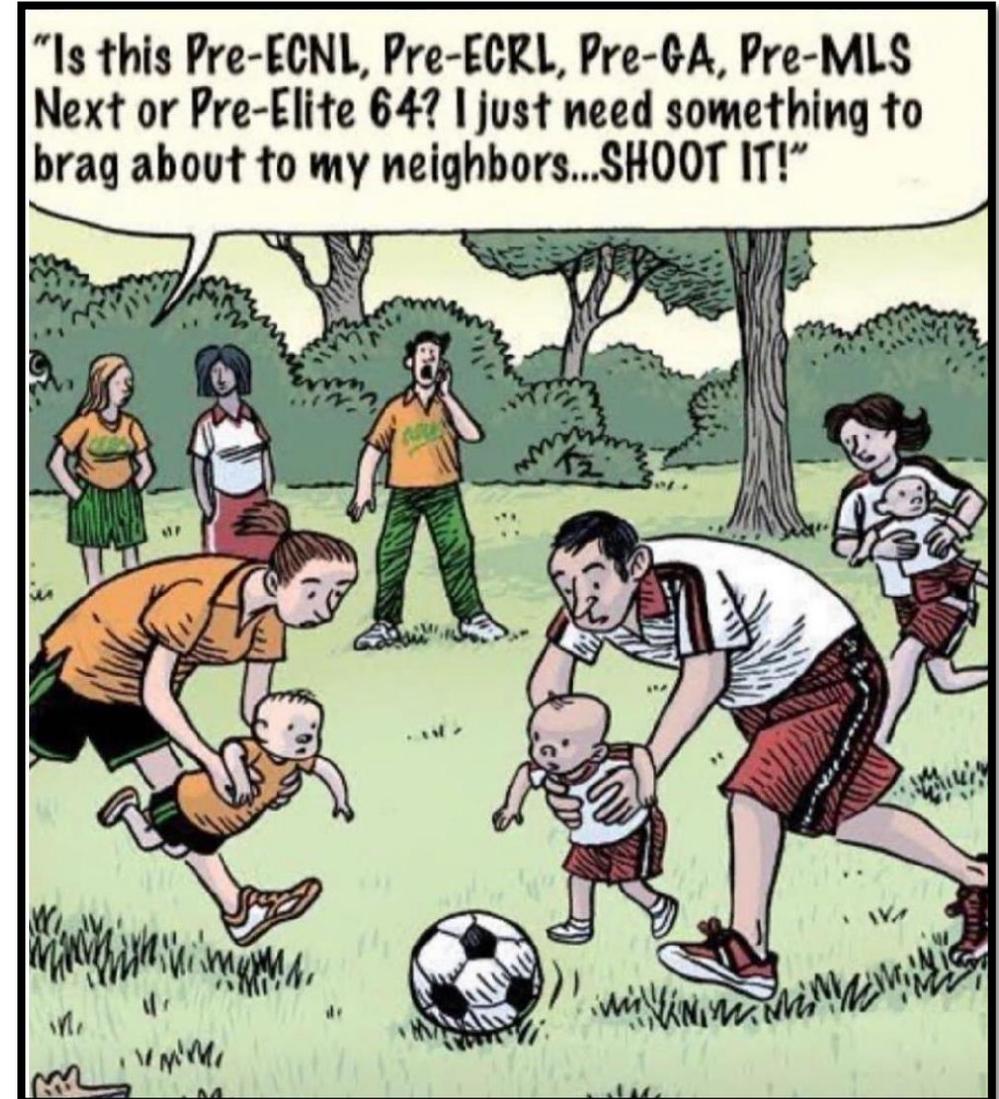

Is LKF Competitive? “Rec” and “Elite” are terms used in today’s youth sport landscapes we at LKF simply don’t use. We are an educationally based program focused on developing the “whole” soccer athlete. Not only will we develop your player as a soccer athlete, but we will as a person too! We offer highly competitive experiences and developmental opportunities for all!

Why Doesn’t LKF hold Try Outs? LKF takes pride in knowing our players. We do not need an additional couple of days of tryouts to learn more about our players, especially since many have been with us for years. Clubs host tryouts as a fundraiser. If we don’t know the qualities of your player, we are not doing our job! If you are new to LKF we invite you to come to a session so we can make an assessment. Our google doc used for sign up also allows us to get more familiar with players. [More information on not holding tryouts.](#)

Do Players Play in Games?

Players participate in games every single session. Our approach is focused on utilizing various “play” environments. This is where pure joy, fun, and development takes place. We organize In House League games focused on player development. Players also have the opportunity to play against outside competition in tournament events and friendlies through our LKF “Teams” program. Tournament teams will play in 12-15 matches per season! **MORE GAMES** in a season is **NOT ALWAYS BETTER!**

More FAQ’s on next slide!

L.K.F. FREQUENTLY ASKED QUESTIONS II

How Are Players Organized?

Players are organized in many ways, depending on the program, and have many opportunities to play “up” and “down” and learn in various environments. For weekly sessions players are organized by birth year. For In House league games players are organized by grade in school. We value player choice in Free Play, as it is one of the drivers of true Play. Choice allows for joy, fun, expression, creativity and ultimately learning.

Who Will Be Coaching My Child?

We have a number of nationally licensed soccer coaches and certified teachers. We view coaches as facilitators/teachers who are guiding athletes. The environment created provides the opportunity for players to have fun, takes creative risks, learn, problem solve and develop, as soccer players and people!

How Do Players Sign Up and Officially get Registered?

- (1) SIGN UP via Google Doc provided by LKF staff.
- (2) LKF will then communicate REGISTRATION details within 7-10 days of signing up. Completing the google doc ***DOES NOT*** ensure a placement for LKF. New players who wish to play on tournament teams should attend at least one practice with us to ensure LKF is a good fit!
