*amended for addition of Gold Silver Bronze in 2025

Position on Playup Division request for Girls Classification

While Girls teams operate within Division 1 thru 4 Classified Associations, Girls teams are their own classification and have A and B Divisions or Gold ; Silver ; Bronze Divisions (dependent on number of teams State wide)

Since Girls Classification Divisions can change up to the first week of December and year to year, utilizing the Division 1 play-up rule for Girls teams is not in alignment with Division 1 play-up for Youth teams.

The smaller number of females and the smaller number of girls teams does not support the same policy applied to the youth teams. Not all Division 1 associations provide girls teams, and until that metric is met, play-up requests for girls teams are not attainable State wide. In addition, Division 2-4 Associations field "A" Girls teams, which compete in the same classification as Division 1 Associations.
