## CAROL STREAM TRAVEL SOFTBALL BASEBALL ASSOCIATION

### More Fields... More Practice, More Fun!

More fields means more practice, more practice means better softball, Better softball is always more fun. Storm teams have at least 2 home practice fields every week with the possibility of acquiring more as needed. Don't settle for (maybe) one practice a week and then hope for the best during tournament play on weekends. Practice make perfect.

### Better Field Times... Normal Bedtimes!

Be on the field when it's age appropriate. Because of our large block of fields we prioritize field times by age. Your darling 10 year old shouldn't be lacing up their cleats at 8:30 on a Wednesday night in May, they should be in the bathtub getting ready for bed. At the same time, your 11 year old shouldn't have a 3:30 Monday afternoon practice when you're at work because the field your coach is "borrowing" doesn't have lights. Leave those practice times to the older kids, they drive themselves and already stay up WAY too late.

### Turf Fields... More Games, Less Dirt!

Home games, including all fall league games, are played at McCaslin on our new turf fields. Afternoon April showers won't prevent Storm teams from hosting our evening games. More turf fields means more home games. Turf isn't even the best part of McCaslin, did we mention that McCaslin also sells adult beverages? You no longer have to hide your softball "mom" cup.

### Discount Fields... Keep That Money!

Our park district affiliation and bulk rental means we play a fraction of the real cost to rent fields. In some case our discount on fields is 75%. This means more playing time for your player AND more money for your pocket. Remember when we mentioned adult beverages at McCaslin Park? Our field discounts ensure you can afford them.

### Free Tournaments... Lots Of Them!

Speaking of keeping money where it belongs, in your pocket, all Storm teams get to play in tournaments hosted by the Carol Stream Storm... FOR FREE. Not only does your team get a free tournament at home, the proceeds from the tournament pay for a 2nd free tournament. That's like 3 tournaments for the price of 1. Everyone loves a BOGO +another one sale.

### Fall Leagues... All Home Games!

Carol Stream's Fall Travel League is offered to Storm teams at 30% off AND... wait for it... all games are hosted at McCaslin Park. This means that even when you're the visiting team you're still the home team. No need to rush to fall weeknight games on some distant field when all games are hosted at your home park... and did we mention the best part of McCaslin yet?

### Free Winter Training... Cha-Ching AGAIN!!

Sunday! Sunday! Sunday! Free! Free! Free! We offer all of our Storm teams free training space, including batting cages, on Sunday mornings during the winter. While other teams are fighting for a few square feet to swing a bat into a net, Storm teams are running situational drills or playing indoor games in the Glenbard North Field House. Thank you Panthers!
