

SPRING REC SOCCER

RVSC Spring Recreational Soccer is a 6 week program setup to run in a clinic style format for all age groups except the Micro divisions. All players will receive a T-shirt with their registration.

Micro division players will learn technical skills through fun activities and small-sided games. Maximum 10 players per Micro division group.

Freshman, Junior and Senior division players will receive technical training and play small-sided games. Players will not be assigned to a team, but rather will be split into different teams each week to maximize their abilities and develop friendships through the program.
