

Hello. My name is Nick Frattalone. My wife, Christi, and I have been a part of the Mahtomedi Community since 2013. We have two daughters (Bella and Greta) and three sons (Alex, Cam and Mario). I have been playing and/or coaching hockey for the past 40 years and continue to have a strong passion for the sport.

My experience within the Mahtomedi Youth Hockey Association is vast. I have coached at all ages, from Mites – Junior Gold. My boys have played, and I have experienced as a parent, all the levels within MYHA, A, B and C. I previously served on the MYHA board from 2016-2018, serving as the D2 Representative as well as the Treasurer. I graduated from St. John's University with a finance degree and own a 2nd generation family business.

The MYHA is an unbelievable organization with over 500 members. We need to continue to focus on every one of these members, regardless of which team they play on. I believe my background as a hockey player, parent, coach and business owner allows me to accurately evaluate the association from the top – down and provide guidance where improvements are needed. It is also extremely important to be fiscally responsible with the finances of our association and all of our members.

My desire to go back on the board is simple, to help create a positive experience for every member and build the passion for the game of hockey. For those of you that know me, you can attest I am not one to sit back and do nothing. When something needs to be done, I'll do it. If I am fortunate enough to be elected, I promise to do everything I can to create this positive hockey experience for you and your family. Thank you.
