

## Select A U10-18

The Select A program will play a competitive showcase and league schedule in the Eastern Junior Elite Prospects League along with additional tournaments and games.

### *The Eastern Junior Elite Prospects League:*

The [Eastern Junior Elite Prospects League](http://www.EJEPL.net) was created to prepare players to become the Junior, Prep School and College recruits of the future. Many of the owners of top Junior programs, top Prep School programs and AAA Youth organizations regularly scout the EJEPL and it's (90) partner organizations. Players will be exposed to NCAA style practices--including systems, plays, skill development, off-ice training techniques, and most importantly--academic guidance.

The EJEPL creates a seamless transition process which will allow players at the 9 U to the 18 U levels to develop their skills and learn systems play with the ability to stay in their organizations all the way to College. Players can be promoted from the 15-16-18 U teams to their Junior parent teams or similar Junior development Leagues. During the season, players may also be rewarded with the opportunity to practice and play with teams at the next level up, culminating with the parent clubs in each organization. An emphasis will be put on practice and skill development as well as off-ice strength and conditioning while always focusing on academic excellence in the classroom. Parents will be guided on the proper College process through seminars, meetings and constant contact to help players prepare hockey resumes and video. The EJEPL provides great competition against teams from up and down the east coast. There are playoffs in every division and All-Stars for all ages at the Diamond levels. For more information, please visit [www.EJEPL.net](http://www.EJEPL.net)

# **RGHL Selects Season Overview**

## **Select A**

**U10 / U12 / U14**
