

# [EMPOWER]

## COMING IN 2018

### **DaddyUp! is Empowering Fathers...**

We know that recognition is both encouraging and empowering. So we've created a program that recognizes fathers who are striving to be the best father they can be!

**We need your help!** If you know of or have been a witness to a father who has moved you by their love and dedication to their children, share with us your stories, send us your videos or pics. We would love to show them our support and encourage them in their vital efforts of fatherhood. We will be awarding 3 nominees per month with a certificate of recognition. Our nominated "Daddy of the Month" will receive an award and a family fun package.

## **Fatherhood is Vital**

---

*The beauty of the love  
between a father & his  
daughter...*

---

*...the admiration of a son  
for his dad...*

---

*...the duty a man fulfills  
to raise his children...*

**Let's encourage it ALL!**
