

Dear North Shore Families,

We hope you and your children are enjoying some amazing family time together and are thriving at home. Everyone at North Shore misses you and cannot wait to see you again soon!

During this time we need our children to stay active and healthy. North Shore has been working to create a virtual program for your kids to do at home to keep their gymnastics skills strong. In partnership with Ninja Zone, we have created a platform that we know you will love! It will allow your children the opportunity to foster their gymnastics skills and explore fun new activities as well.

Our program is called **AmazingKids360**. It is an online program and is filled with over 1200 activities and classes for you and your family. We will continue to add more and more content to the platform as time passes.

The best news of all, we are gifting the program to our North Shore Spring Session families for FREE. There is a fee for non-current families, but offering you the program at no charge is our way of showing our appreciation for your loyalty to North Shore over the years.

Your children's happiness & health are extremely important to us and we want to see the kids moving and enjoying themselves when they can't be at North Shore.

This is a super easy process; just follow the link below to set up an account and then go the login page anytime you want to access an online class. Don't forget to bookmark our login page. Easy as 1-2-3!

1. Registration Link: <https://amazingkids360.com/registration-northshore-gymnastics/>
2. Login Page: <https://amazingkids360.com/locations/northshore-gymnastics/>
3. Bookmark the login page

[Also, check out this video explaining all our online offerings and a message from our Class Program Director, Coach Jodi](#)

We hope you enjoy the program. Thank you again for supporting North Shore and we are counting the days until we see you again! In the meanwhile, stay healthy, stay safe, and take good care of one another.

Sincerely,

Your North Shore Gymnastics Family
