

What is a Guardian?

Family members of an athlete can be added as **Guardians**, allowing them to be involved in the athlete's sports life without being the primary SportsEngine account owner.

The primary SportsEngine Account Owner can also be considered a *Guardian with full account privileges*.

What Can a Guardian Do?

- View the team schedule.
- RSVP to games and events.
- Message and chat team members.
- View and edit the athlete's profile.

Guardians can also see and claim Dibs sessions for their player(s).
