

Evansville Soccer Club Tournament/Parking Reimbursement Policy:

U9/U10 Program:

- Teams may play in 1-2 tournaments a season. (\$1,000 towards tournaments per full season included in registration fees)

U11-U14 Program:

- Teams may play in 2-4 tournaments a season. (\$1,200 towards tournaments per full season included in registration fees)

U15-U19 High School Program:

- Teams may play in 1 tournament a season (\$600 towards tournaments per complete season included in registration fees)

Parking reimbursement:

1. If payment for parking is **due at time of registration** when paying for the tournament and your team is under the allotted amount, parking will be reimbursed by ESC.
2. If payment for parking is due at time of registration and your team is **over** the allotted amount it will not be covered by ESC and three things may occur:
 - a. The coach/team manager can pay for registration and parking and will be reimbursed for the registration cost by the ESC. The coach/manager will then need to divide the cost of parking by the number of players on the team and ask families to reimburse them.
OR:
 - b. The coach/manager can ask the ESC treasurer to pay for registration and parking. It will then be the coach/team manager's responsibility for collecting parking payment from their families by dividing the cost by the number of players on the team to reimburse the ESC.
OR:
 - c. The ESC treasurer can pay the registration fee. The coach/team manager can submit the payment for parking and then collect parking money from their families by dividing the cost by the number of players on the team.
3. If a tournament charges parking at the game/entry to parking lot it will be the individual families responsibilities to pay for parking and not reimbursed by ESC whether or not the teams tournament funds have been reached.

*If your family has multiple players on the same team or a different team in the same tournament, your family will be responsible to pay the cost per player in the tournament.
