We finished our meeting discussing the Judges Ranking procedures. We talked about Katie setting up a confidential survey so all KYUSAG members could share their input. We would like more feedback from our KY coaches. Other thoughts were ranking the judges at an earlier date. We need more information on the current judges and if they are available to judge at our KY state meets. We will keep brainstorming ideas to help with the ranking procedure and follow up through a committee email or a committee text message.
