

FREQUENTLY ASKED QUESTIONS

How old should my child be before starting a Clinic?

For multiple reasons, we have a strict policy that all skaters must be at least 4 years old.

I have a daughter who wants to play...is this the right way to get started?

Yes. We often have several girls entered in our Beginner Clinics.

Is this a Learn to Skate or Learn to Play Hockey program?

We're both! The first half of each session is dedicated to improving skating skills as an entire group. Then we'll split up into three different groups for drills more specific to your skater's skill level. This provides the opportunity for skaters to improve their skills by doing more than 1 clinic.

What should my child wear for the clinic?

Snow suits and snow pants are perfect. If you have any hockey equipment, you're more than welcome to wear it! Please remember that gloves (winter mittens are acceptable) are required to go on the ice.

Do we need any equipment?

A hockey certified helmet with facemask is required as are hockey skates of course. Free rental skates and helmet are available! If your skater is not on the walker, they should have a stick. Note that we'll use pucks for weeks 3-6.

Can I go on the ice with my child?

For the safety of parents and skaters, we do not permit parents on the ice during our clinics. We recommend attending our Skate & Shoots or area Public Skates to skate with your child.

EQUIPMENT STARTER PACKAGES

Choose from one of our High-Quality Starter Equipment KITS. We have multiple options to fit your needs. Stop in to The Hockey Shops or shop online @ holidayrinks.com

PEPSI KIDS FUN BEGINNER LEAGUE

Starting in Late January this is the perfect NEXT STEP for your beginner skater. This organized league will have (2) age divisions- 4-9 & 9-13 and will feature continued instruction and an introduction, Half Ice games and a FUN 3 game tournament! There will be no ice conflicts with the Beginner Clinics.

SPRING HOCKEY LEAGUE

Coming in Late March/Early April we will start our Annual SPRING HOCKEY LEAGUE. We offer a Beginner Division 1—which is played Half Ice and is very similar to our Pepsi Kids program. We also offer Division 3—for ages 6-9 that is played FULL ice. Which is geared toward the more experienced beginner player.

SKATE & SHOOT—PRACTICE ICE TIME

Throughout the year we also offer OPEN Hockey or "Skate & Shoot sessions for ages 4 thru 11. These are 90 minutes long and provide a good opportunity for extra ice time at a low cost.

Parents can also go on the ice during these ice sessions. Our Monthly Calendar of Skate & Shoot times is located @ holidayrinks.com.
