

Soccer Philosophy

The Laredo Heat SC are committed to develop players who understand the game by problem solving with a player-centered driven environment. Laredo Heat SC is attacking minded based on possession. Our players embrace the learning process with hard work and effort who display passion and pride for our organization.

Coaching Philosophy

The Laredo Heat SC coaching staff strongly believe a player's development must come from a player-centered focus training environment in order to achieve the following:

- Respect for the game
- Conduct oneself with professionalism on and off the field
- Achieve and operate a growth mindset to teach players by allowing them to make mistakes and guide players to better understand and comprehend the game
- Facilitate players in learning environments by resembling the game
