

BYHA Board Member Code of Conduct

The BYHA Board of Directors, elected by the membership or appointed and approved by the Board, are expected to comply with the following set of rules in relation to the use of information and decisions made at the Board of Directors meetings, the implementation of policies and business, and their conduct within the association.

1. All board members are expected to attend all monthly board meetings which are held on the 3rd Monday of each month. Any board member who has missed 3 or more meetings is subject to a review by the board and possible removal.
2. No member of the board shall knowingly withhold, conceal, or furnish misleading information to any person(s) in the association regarding issues discussed, voted on, or passed by the Board in a regularly scheduled, special, or committee meeting.
3. No member of the board shall directly or indirectly use BYHA funds, equipment, supplies, other resources, or their position as a member of the board for personal benefit.
4. On behalf of BYHA, no member of the board will directly or indirectly offer to pay, promise to pay, or make a payment from BYHA funds to any persons or entity without compliance to the proper processes and approvals per the most current BYHA Policies and Procedures.
5. No member of the board will use BYHA funds or assets for any unlawful, improper, unapproved purchases or use, nor establish or possess any undisclosed or unrecorded funds or assets.
6. No member of the board shall offer or grant preferential treatment to any member, member's child, or their own child during traveling tryouts, or at any other time during their term on the board. No board member shall use their standing or influence to benefit the position or play of their own child during tryouts or during the season.
7. All board members will be held to the same code of conduct as the parents/spectators in regard to their behavior before, during, and after a game.
8. In any situation where there is a possibility of a conflict of interest, unethical conduct, or the possibility of appearance of such, the board member is expected to immediately disclose the facts to the President of the board with at least one other board member present as a witness.
9. No member of the board will discuss confidential information regarding a player, parent, or coach, including their conduct, financial standing, tryout status, or history with the association, past grievances, or issues with anyone outside of the board. This would include any family members of the board member, who may inadvertently be privy to such information. This expectation of privacy does not expire and will survive any term served on the board.
10. Issues and concerns addressed to board members, outside of their area of responsibility, will be directed or redirected to the appropriate board member or procedure in place for that specific issue.

I agree to treat my fellow board members, BYHA coaches, BYHA players, and other association members with respect in my participation on the BYHA Board of Directors by following this Code of Conduct and principles as described.
