

While it has been advertised that we are restricting spectators to four (4) per player, due to changes in some local jurisdictions and the large capacity at the Cornerstone Arenas, we will now allow more than four (4) spectators to attend games held at the Cornerstone Community Center. While expanded capacity at the Cornerstone has changed, we are still under a 25% capacity at the De Pere Ice Arena, and those games we ask that you limit your spectators to four (4) per player for any games held there. Please understand we want you to all enjoy the tournament games, please continue to practice social distancing wherever possible.
