

**TEAM MOM AND ASSISTANT** - The Varsity, Junior Varsity and Freshmen (2) teams need a team mom and an assistant to help organize various things throughout the season. The primary responsibility for the team mom is to help the coaches communicate with parents of the various teams. The team mom and assistant will also organize food tables for tournaments and help find and organize volunteers for things throughout the season. Each of the teams begin the season with one or two social events to get to know each other. The team mom and assistant will organize these events.

**PARENT MIXER** - The LTVB Booster Club will hold a fundraiser to kick off the 2018 volleyball season on August 4, 2018. We need two groups of volunteers to help pull off the event. One volunteer group will help organize the food served at the event, decorations, activities and any other needs for the evening. The second group will help pull together items for raffle, silent auction, or live auction to be held that evening. This will involve canvassing the community or volleyball families for large and smaller value items for donation. Because this event will kick off our season in August, most of the work for this event will be accomplished in June and July.

**SAND SOCIAL** - By the time our girls head back in the gym for camps and tryouts, our LT sand court should be completed. In order to celebrate the new court and the start of LT volleyball, the Booster Club will throw a Sand Social on July 31st. Volunteering for this will involve helping the Board get food and drinks (maybe entertainment) for the social and decorate (if needed). There may be a parent Queen/King of the Court tournament to organize as well.

**DAD CREW** - Any Dads interested in helping make our LTVB program a success can sign up to volunteer for the Dad Crew. The Dad Crew will periodically work on the sand volleyball courts to keep the area safe for play, will help with the BBQ cook outs for the Sand Social and any other similar events, and will help prepare hot dogs for the concession for regular season games. Volunteers for the Dad Crew could divide up those duties for each home game.

**LYA LITTLE SIS PROGRAM** - This year, the volleyball program is partnering with Lake Travis Youth Association on a Big Sis/Lil Sis program to encourage the young volleyball players in our community. Volunteering for this program will involve communicating with LTYA on a weekly basis to coordinate different activities or projects throughout the season for our volleyball players to do with or for the community's future volleyball players.

**HOSPITALITY** - Volunteers for this committee will organize the hospitality meals and drinks provided for home games during the volleyball season. The committee can organize a sign up for all home games and communicate with parents about signing up and send reminders the week before home games. Volunteers will also need to meet parents at the gym to help set up the meals and be available to assist with clean up after the varsity game. Parents who sign up to provide a hospitality meal will be purchasing or preparing food and drinks for the coaches, officials and players to have during and after games held at Lake Travis. Parents are asked to choose a game or two for which they would like to help provide the meal and drinks.

**STAFF APPRECIATION NIGHT** - The volleyball program honors our Lake Travis staff on August 28 this year and volunteers are needed to help make this evening a success. Volunteers for this event will decorate the gym during the day before the games, help collect gift cards from the community and other volleyball parents, and help create and distribute t-shirts for the night to staff members.

**SUB-VARSITY VOLLEYBALL TOURNAMENT** - This year, Lake Travis is hosting a Sub-Varsity volleyball tournament on September 15. There will be games played at the high school and at Lake Travis Middle School. Volunteering for this will require organizing, purchasing or making food, and setting up foods and drinks for the hospitality rooms at both LT and LTMS and organizing clean-up. This will be an all day tournament.

**DIG FOR THE CURE** - This year, Dig for the Cure will be held alongside Middle School Night during our regular season games against Westlake HS on October 9th. Volunteering for this event would involve coming during the day to help decorate both of the gyms with signs made by the volleyball team, balloons, ribbons and more. This may also require some prep time in purchasing items to use in decorating.

**HOMECOMING PARADE** - The volleyball program will have three floats in the Lake Travis homecoming parade on Wednesday evening, October 17th. Volunteering for the parade will require planning and organizing either a Freshman, Junior Varsity or Varsity homecoming float. Decorating the float usually happens the day of the parade, but there will be a small amount of prep time. The parade usually begins around 5:30 p.m and ends with a pep rally at the LT football stadium. Volunteers are needed to break down the float during the pep rally.

**SENIOR BREAKFAST** - As part of the Lake Travis homecoming celebration, the volleyball program likes to honor its senior players with a Senior Breakfast. The breakfast is Friday morning, October 19th, before school and everyone in the program is invited to attend. Volunteers (senior parents only) for this event will organize and provide the breakfast and decorate for the event.

**SENIOR NIGHT** - Between sub-varsity and varsity games on October 19, 2018, the volleyball program celebrates homecoming by honoring its senior players. Volunteering for Senior Night involves decorating the gym for the presentation of notes and roses to the Senior players between the JV and Varsity games. Most of the time spent on this event would be earlier in the day on Friday.

### **QUEEN/KING OF THE COURT PARENT VOLLEYBALL**

**TOURNAMENT** - On a Wednesday night in the middle of our season, the Booster Club would like to host a Queen/King of the Court sand volleyball tournament for the parents of our volleyball program. This is a new event and volunteers would work with the coaches to organize the tournament and any food, drinks, or decorations needed.

**VOLLEYBALL BANQUET** - Once the varsity volleyball season ends, the program honors its athletes with a Banquet held at the LT cafeteria. Volunteering for this event will require organizing and providing the meal for the event and decorating the cafeteria. Decorating for the event typically takes place on a Saturday and Sunday and the event is held on a Sunday early evening. Last year's banquet was held at the cafeteria and can be used as a model for this year's event.
